

Mr. Adams,

My name is Rachel Knight and my husband, Kenneth Knight and I attended the rezoning hearing this past Thursday evening.

We own commercial property (storefronts) in the city limits 911, 913, 915 Osborne St and have operated our business at that location for the past 21 years. As you can imagine we have observed many changes in the city and mill site during that period of time.

We wanted to take this opportunity to voice our feelings in regards to the rezoning of the Port of St Mary's. Kenneth and I both are in agreement with Charlie Smith Jr. that the rezoning to industrial usage should be approved.

We respectfully ask you to forward this letter to the City Council.

Sincerely,
Rachel Knight
