July 1, 2010

Citizens, Mayor, Council, and Departments of the City of St. Marys:

The City of St. Marys FY2011 Budget has been finalized. This letter contains a brief synopsis of the various fund requirements. The City of St. Marys FY2011 Budget was adopted by the Mayor and Council on June 14, 2010. The total budget for FY2011 is \$35,061,915. The fiscal year 2011 budget was decreased from the FY2010 Budget by \$21,478,816. The FY2011 Budget was evaluated several times to ensure that only essential items were included.

The budget process begins several months in advance of the adoption date. The Finance Department initiates budget preparations in advance of anyone else. Finance prepares the working papers for the departments. These documents support the budget function by offering information to the Department Heads so that he/she can properly forecast expenditures through the end of the year. These documents aid the department in calculating the future needs of the department. The City Manager and Finance Director met with each Department Head to assess the department's request for the upcoming year. This year, several meetings were required to decrease amounts to the absolute minimum. Once the final requirements were obtained, the complete budget was presented to the Mayor and Council.

The Mayor and Council held budget workshops to evaluate budget requests and allow for public participation to the budget proposals. The final step was to approve the budget at the Council meeting held in June. The budget became effective July 1, 2010. The FY2011 Budget consists of seven separate funds. Each fund is a separate fiscal and accounting entity.

General Fund revenues budgeted for FY2011 are \$10,067,050. The bulk of revenues are from property taxes with licenses, permits, fees, fines, sales and use tax, and other miscellaneous sources constituting the remainder. The General fund budget includes the amounts necessary for the general operation of the City. The following are included: administration, public safety, public works and social services. There are twenty divisions within the General Fund. The largest of these are Police, Public Works, and Fire.

The General fund expenditures include the following: salaries, benefits, supplies, debt services, and purchased or contracted services. Salaries, wages and employee benefits account for 62% of the General Fund Budget. In order to reduce expenses, short term disability is no longer provided by the City and the VALIC match was suspended. Merit increases are frozen and a

hiring freeze is in place. Employee health and dental was reviewed and quotes received to find savings in these areas. Blue Cross and Blue Shield offered the best rates and now offer three plans to personnel. A new company was chosen to provide employer paid Life and Accidental Death Benefits.

Purchased or Contracted services accounts for 8% of the General Fund Budget. These services include the following: legal, copier maintenance, computer maintenance, telephones, vehicle repairs, training, travel, building repairs, and other purchased services.

Supplies make up 13% of the General Fund Budget. Office supplies, gasoline, small equipment, uniforms, and vehicle repair supplies are just a few of the items included in this area.

Capital expenditures for FY2011 include \$10,000 in General Government Buildings, \$10,000 in Park expenditures and \$39,290 for equipment in the Police Department. \$15,000 of the capital expense in the Police Department will be recovered from K-9 grant money.

Debt service in the General fund accounts for 5% of the budget. Monthly capital lease payments made for vehicles and equipment are included in debt service amounts.

Other items included in the General Fund Budget expenditures are payments to others, contingencies, operating transfers out, and other costs. This includes PSA funding, Camden House, and Kings Bay Chamber of Commerce.

The Water and Sewer Departments are proprietary funds. These funds account for the business-type activities of the City. The Water and Sewer Revenues for FY2011 are budgeted at \$8,198,269. These revenues come from charges for water and sewer services. These charges are set by Council and are based on the expense requirements of the fund. The rates for water and sewer services were increased July 1, 2010.

The Water and Sewer Department expenditures include the following: salaries, capital outlay, debt service, purchased and contracted services, supplies and other costs. Salaries account for 22%, capital outlay 16%, purchased and contracted services 8%, supplies 14%, other costs 3%, and debt service is 40% of the total budgeted expenditures.

Solid Waste revenues budgeted for FY2011 are \$1,262,318. Revenues are received from the billing of residential and commercial refuse collection. Other sources of revenue for the Solid Waste Fund include interest income, late fees and penalties, and other charges for services.

Solid Waste expenditures include salaries, collection fees, landfill fees, purchased and contracted services, and supplies. Solid Waste salaries are 11%, collection fees 76%, landfill fees 12%, other purchased services <1%, and supplies <1% of the total expenditures of the budget.

St. Marys Convention and Visitors Bureau receive revenues from Hotel Tax, retail sales, tours and contributions. The revenues and expenditures budgeted for FY2011 are \$166,889. The expenses for Tourism consist of employee wages, advertising, utilities and supplies.

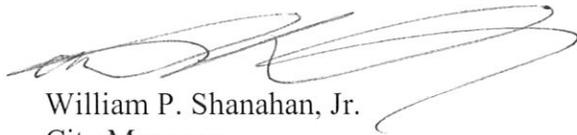

The Multi-Grant fund has \$26,500 budgeted for FY2011. \$7500 is expected from the Federal Aviation Administration Grant and \$19,000 from miscellaneous sources.

SPLOST V and SPLOST VI revenue and expenditures for FY2011 are \$14,927,782. The revenues are obtained through the collection of a special sales tax over a five year period. Expenditures budgeted for FY2011 include the following: drainage projects, paving, sidewalks, traffic signalization, audit, sewer infrastructure, and city buildings.

The Aquatic Center revenues and expenditures budgeted for FY2011 are \$413,107. The revenues are earned from admissions, group sales, swim lessons, concessions, and other retail activities. Expenditures include salaries, purchased and contracted services, and supplies.

Please accept my appreciation to all Department Heads and personnel who assisted in preparing this budget.

Sincerely,

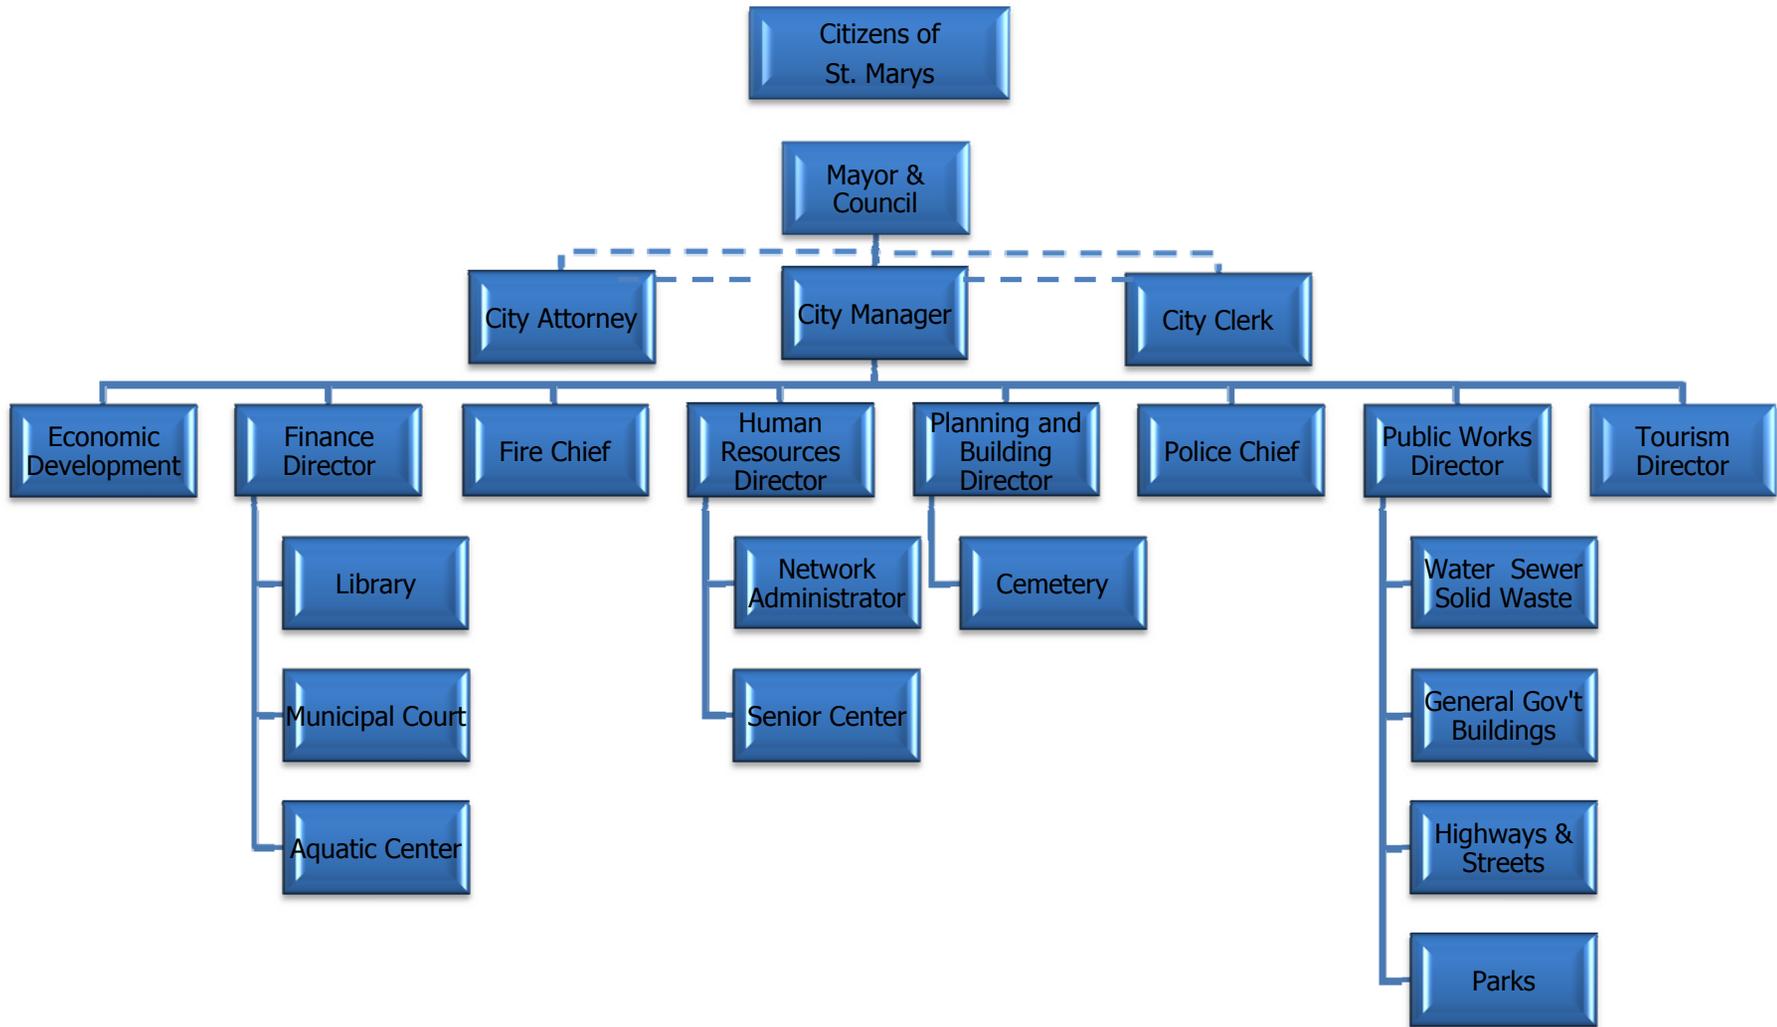

A handwritten signature in black ink, appearing to read 'William P. Shanahan, Jr.', is written over a horizontal line. The signature is fluid and cursive.

## An Ordinance to Adopt a City Budget For the City of St. Marys, Georgia

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF ST. MARYS, GEORGIA, that the City enact an Ordinance to be entitled "Budget Ordinance for the City of St. Marys, Georgia, for the fiscal year commencing July 1, 2010 and ending June 30, 2011" to read as follows:

BE IT ORDAINED, that the City hereby adopts the General Fund Budget as prepared and submitted on June 14, 2010, a summary of which is attached hereto and labeled "Exhibit A".

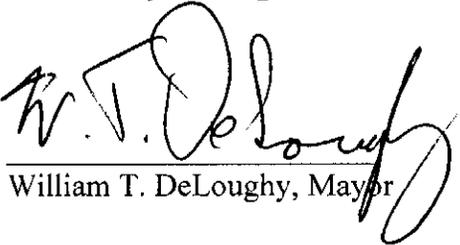

BE IT FURTHER ORDAINED, that the City hereby adopts the Water & Sewer Enterprise Fund Budget as prepared and submitted on June 14, 2010, a summary of which is attached hereto and labeled "Exhibit B".

BE IT FURTHER ORDAINED, that the City hereby adopts the Solid Waste Enterprise Fund, SPLOST Fund, Special Revenue Tourism Fund, Hotel/Motel Fund, Multi Grant Fund and Aquatic Park as prepared and submitted on June 14, 2010, a summary of each being attached hereto and labeled "Exhibit C".

THEREFORE, BE IT RESOLVED, that the City of St. Marys does hereby ordain, resolves and enacts the foregoing Budget Ordinances for the City of St. Marys, Georgia.

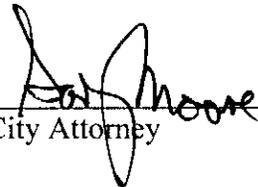

ADOPTED in legal assembly this 14<sup>th</sup> day of June, 2010.

City of St. Marys, Georgia

# Legislative Department

# Legislative Department

## Mission Statement

The City Clerk's office strives to efficiently meet all statutory obligations with respect to elections, records, policy and legislation of the City of St Marys.

## Overview

The Legislative department is the governing body of the City. The city clerk, executive administrative assistant and six council members, headed by the mayor make up the Legislative department. The city clerk is responsible for legislative operations of the city and is accountable to the Mayor, Council, City Manager and the citizens. The clerk has signature authority, which is required on all ordinances and resolution and other documents of the City. The city clerk serves as secretary to the council, safeguards all records and documents, implements codes and regulations, and election proceedings. The Office of the City Clerk serves as an information center whose services impact a diverse clientele, including the general public, the media and other government entities. The clerk's office is traditionally associated with municipal elections, recording the minutes of the council meetings, safeguard all records and documents, implements codes and regulations, and maintain and produce documents that enable the public to participate in local government.

Serving as city clerk, motivates us to uphold the directives that commit us to upholding city and state policy, which provides a new challenge everyday and a great way to serve the community.

## Accomplishments

- Implementation of the SAVE Program mandated by the Department of Homeland Security, U.S Citizenship and Immigration Services to verify the status of legal aliens.
- Implementation of the Georgia Applicant Processing Services (GAPS) Program for electronic criminal history information in Georgia Bureau of Investigation (GBI) and Federal Bureau of Investigation (FBI) files for alcohol licensing compliance.
- Coordination of the annual Wounded Warriors Day event for three consecutive years. Last year's event brought 600 visitors to St. Marys which

- included local residents, veterans and active duty personnel from Georgia's military installations.
- Coordinated city and community participation in Mayors' Day Christmas Motorcade a program sponsored by GMA to donate gifts to the mental health patients at Georgia Regional Hospital in Savannah.
  - Local legislation for the Senior Homestead Exemption Act (HB 1151) has been forwarded to the Georgia House of Representatives to reduce the cap on senior homesteader's net income from \$25,000 to zero. The Georgia Senate presented a revised act (SB 547) to increase the exemption and net income to \$40,000. This act was vetoed by Governor Perdue.
  - Local legislation for the Convention and Visitors Bureau Act (HB 839) has been forwarded to the Georgia House of Representatives to introduce changes. This bill was referred to a senate committee.

## Goals

The goals for the Legislative department are to provide courteous, professional and quality service to elected officials, city staff and, most importantly, the public. Continue to maintain projects that were implemented in previous years as follows:

- Evaluate Senior Homestead Exemptions to insure status
- Continue the cancellation of liens to assist property owners with property sales
- Continue to reduce storage issues by adding department to the scanning system
- Continue to maintain certification for "Model Code of Ethics for Georgia City Officials"
- Enhance Open Meetings/Open Records Training for city boards and nonprofit organizations.
- Create a data base using the Incode software program for Oak Grove Cemetery and alcohol licenses
- Implementation of a council retreat for leadership and team building facilitated by Carl Vinson Institute of Government

# Executive Department

# Executive Department

## Overview

The Executive department has the overall responsibility for monitoring the daily operations of all City activities. The City Manager and Executive Assistant make up the Executive Department.

The City Manager is the chief administrative officer of the City. The City Manager is responsible to the Mayor and Council for proper administration of all affairs of the City.

## Goals

Some of the major projects currently underway are as follows:

- Pre-trial and Diversion Program
- Incode Financial Software Upgrade
- Streamline prior billing process
- Upgrading I.T. infrastructure in City Hall
- Provide professional development and training
- Attain a state Certified Police Department
- Build a state of the art weapons training facility
- Ensure the Fire Department exceeds all state required response times
- Completion of the Point Peter Waste Water Treatment upgrade (.8 MGD to 4 MGD)
- Upgrade City infrastructure, (water, sewer, roads and ditches), to include traffic signals
- Improve services for our senior population by maintaining the new Senior Center Facility
- Expand library services by renovating the library
- Beautify and clean the closed Pauper Cemetery
- Creation of a five year master plan
- Review out of the box strategies to entice new Tourism and Economic Development to the City.

These projects will only move forward and excel with the collaboration of Elected officials, City personnel, and citizens working together as partners for the benefit of the City of St. Marys.

# Finance Department

# Finance Department

## Overview

The Finance department is responsible for maintaining the proper accounting methods and financial integrity of the City. The Finance department consists of various functions that are vital to the fluent operation of all City departments. The department is headed by the Finance Director.

Employees in the Finance department are budgeted in General, Water, Sewer, and Solid Waste Funds.

Customer Service Representatives (CSR's) are at the forefront of City Hall. They greet walk-in customers, answer questions via phone or dispatch to proper departments, take new applications for Water/Sewer customers, disconnect requests, handle all money paid to the City and receipt it in appropriate accounts. They are also responsible for balancing the registers daily and verifying reports for accuracy.

The Utility Billing Clerk is the direct supervisor of the CSR's and is responsible for overseeing the daily operation of the Customer Service Area. The clerk is also responsible for preparing and billing water, sewer, and solid waste customers.

There are four meter readers and a Lead Meter Reader. They are responsible for reading and updating all customer usage for billing. They also respond to repair needs, cut-offs, turn-on service orders, temporary service requests, tamper investigations and customer inquiries.

The Purchasing Agent works directly with department inventory personnel to ensure the timely order and delivery of materials and items. The Purchasing Agent ensures that proper approval has been obtained and that the budget has not been exceeded. Monthly encumbrance reports are distributed to department heads by the Purchasing Agent.

Accounts Payable enters invoices and pays vendors for services or materials after verifying with departments that items have been received. Accounts payable maintains contact with departments and vendors to ensure all invoices are paid by due dates and that any terms are used in order to reduce cost.

The Junior Accountant reconciles City bank statements, updates fixed assets, reports accidents to our liability insurance and is backup for property tax questions and billing. The Junior Accountant also maintains SPLOST records and Grant files.

The Bookkeeper is responsible for payroll processing, auditing of daily activity from incoming receipts, budget preparation, Reporting sales & use tax for Aquatic and Tourism. The Bookkeeper also handles the end of year processing of W-2's and 1099's.

The Staff Accountant is responsible for billing property taxes, processing corrections of taxes from county, reporting 941 wage reports, State unemployment reporting, recording and processing end of month journal entries and preparing deposit from daily receipts.

The Assistant Finance Director assists in the day to day operation of the Finance Department, recording and processing closing month journal entries to the General Ledger for Financial Reports to be prepared by the Finance Director, Recording budget ordinance requests and changes, and helping with property tax questions.

### **Accomplishments**

The Finance department successfully coordinated a surplus sale and auctioned off vehicles and equipment that were no longer useful to the City.

The implementation of the new financial software, Incode, has been completed. We printed and mailed our own Property Tax Bills for the first time. All modules are in operation.

Two employees earned their Certified Local Government Finance Officer Program – Level I certificates. Other employees are beginning their Level II certification process. Two employees are utilizing the tuition reimbursement program and are working towards their bachelor degree.

An area was obtained for additional storage space that the Finance Department desperately needed for files and sensitive materials.

### **Goals**

The Finance department encourages continuing education for their employees. Tuition reimbursement is available in the FY11 budget for employees to further their education.

The Finance department hopes to have its emergency operations plan in place by next fiscal year. Also, the department is working on a five year master plan.

With implementation of the new software, the Finance Department has been able to save money by archiving all reports needed for day to day operations. However, the Finance Department hopes to start scanning all others documents.

Applications for utility services on closed accounts will be eradicated to free up needed space.

# Information Technology Department

# Information Technology

## Overview

The Information Technology Department was added to the City in 2007. Currently the department has two full time employees that provide voice and data communication service to all departments.

The Information Technology department is responsible for all workstations and servers within the City. IT is also responsible for wireless phone service and maintains the City's website.

## Accomplishments & Goals

The Information Technology department is in the process of upgrading the infrastructure in City Hall. With the help of Cisco Systems, Microsoft and other vendors, we are working on creating a strong and stable network able to carry us well into the 21<sup>st</sup> Century. We are utilizing server virtualization and purchasing Energy Star rated equipment. Our data centers are cooler and more energy efficient than four years ago. By working with partners and working with ever evolving trends, we are able to bring new technology and ideas to better serve you.

### List of equipment currently in use

Laptops	51
Desktops	89
Printers	82
Servers	17
Networks	6
Phones	27
Blackberry Devices	7
Air cards	4

## Projects completed in FY2010

Department	Projects Completed
Legislative	Records Scanning, Video Recording System, Council Video on Website, and Council Packets on Website
Fire	Upgrade Fire House software to 7.5, mobile command communications for City festivals, Support in implementation of availability software for Station 2.
Public Works	Camera Truck maintenance, office expansion, new facility setup, New network, new server installation, integration with City Hall network.
Building/Planning	Records Scanning, Wide-Format Scanning, Video Recording System, web postings for Waterfront Development Property Project.
Finance	Utility Billing & Bulk Mailing, Meter Reading Equipment setup, InCode Finance System Implementation.
Aquatic Center	World's Largest Swim Lesson-photos and publicity.
Senior Center	Setup communications with Senior Center and incorporate into City Hall network.
Information Technology	Cisco ASA IOS upgrades SSL VPN Licensing & Setup, Virtual Servers, Virtual Desktop Interfaces, Intranet, Centralized Communications, Microsoft Enterprise Licensing, and Implementation of Microsoft Exchange Server. Incorporation of Public Works with City Hall Exchange Environment.
ALL	Internetwork Connection (Creating 1 network).

## Projects in Process

Information Technology	New City Website, Social Media, Emergency Communications Planning, Business Productivity Online Services, and dedicated environmental controls in data room, Microsoft Licensing Agreement, Mobile Communications contract, Training and Organizational Development.
Police	Redesign network and upgrade servers.
All	Active Directory Domain Services as well as Active Directory Federated Services, upgrade all networks to Windows 2008 domains.
Public Works	Review strategy for GIS Operations and resources needed.

# Human Resource Department

# Human Resource Department

## Overview

The Human Resource Department supports all City departments and employees by providing services such as recruitment, selection, benefits administration, maintenance of personnel records, and policy direction on human resource management issues. The department also facilitates the City's workers' compensation, health & wellness and safety programs and coordinates internal training programs for City employees.

## Accomplishments

- Reduced Workers Compensation costs
- Held first Joint Health Fair with Camden County, Kingsland & Woodbine at the Camden County PSA, which was a huge success with over 30 vendors participating

## Goals

- Provide a competitive compensation and reward plan that will help in recruiting, hiring, and retaining talented employees.
- Continue development of Health & Wellness Program
  - Joint Health Fair with Camden County, City of Kingsland & Woodbine
  - Explore other joint efforts with Camden County, City of Kingsland & Woodbine to enhance employee health & wellness
- Continue to evaluate the cost/benefit of current benefit offerings to ensure they are competitive
  - Maintain or improve current level of services for medical, dental and life, while monitoring & controlling costs
  - Maintain or improve current level of Workers Compensation benefits
  - Reduce cost of General Liability insurance
- Improve effectiveness of the Human Resources Department to other departments
  - Evaluate, enhance & improve current personnel policies
  - Design and development of a Human Resources web page to provide employee access to personnel policies, procedural guidelines, forms and increased access to services
- Provide a professional development and training program, which will help department heads and staff acquire the knowledge needed to achieve performance excellence and maximize productivity.

# Municipal Court

# Municipal Court

## Mission Statement

To provide a forum for fair and efficient adjudication of all matters brought before the Municipal Court of St. Marys in such a manner that will protect the integrity of the judicial process. Through continuous improvement of services, accessibility and technology avail public trust and confidence in the court system.

## Overview

The Municipal Court of St. Marys is currently staffed by one Chief Judge and one Associate Judge. The Judge hears all cases involving City ordinance violations as well as state misdemeanor traffic violations and some misdemeanor criminal offenses committed within this jurisdiction.

Sessions for the Municipal court are held on the first and third Friday's of each month. Beginning at 9:00 a.m. on the first Friday and 11:00 a.m. on the third Friday, plea and arraignments are held. At that time the defendant is asked to enter a plea to the charges. If the defendant enters a not guilty plea at the arraignment they are then assigned a trial date, which is held the third Friday of the month beginning at 9:00 a.m. All court sessions are held in the council chamber located at 418 Osborne Street, St. Marys, Georgia.

The Municipal Court is responsible for accurately recording and processing all citations filed in this court. Through this process, the court routinely updates criminal and/or driving histories of defendants who have come before the court. For criminal justice purposes this is a very important step in our common goal to reflect accurate and up to date information. Dispositions are reported electronically to GCIC, and the Georgia DDS, which helps ensure information is available in a timely manner.

The issuance of failure to appear warrants, summons, continuances, subpoenas for final cases, upon request transfer paperwork to Superior Court, as well as responding to open record request are task that the clerical staff facilitate daily in the Municipal Court of St. Marys. Accountability of all monies collected and disbursed to different state, county and local agencies. Currently probation is handled through a private probation company, which provides monthly reports and timely payments of all monies due the Court.

## Accomplishments

The Municipal Court continues to effectively submit all suspension notices and withdrawal of suspension notices to proper agencies electronically. Successfully able to provide a forum for fair and efficient adjudication of all matters brought before the Municipal Court of St. Marys in such a manner that continues to protect the integrity of the judicial process.

## Goals

The Municipal Court has several long term goals and objectives that we will continue to strive for and achieve. We hope to cross train the court services technician so that information may be obtained from either the technician or the Court Clerk. Another goal is to obtain certification as a Municipal Court Clerk through continuing education. The Municipal Court would like to begin getting proposals from collection agencies for collection of old unpaid uniform traffic citations.

## Performance Measures

# Police Department

## **Mission Statement**

It is the mission of the St. Marys Police Department to provide the highest level of service possible to our community through continuous quality improvements and exceptional ethical and professional standards.

## **Motto**

Honor, Integrity, Respect and Courage

## **Overview**

The St. Marys Police Department is a full-service organization that operates 24 hours per day. The members of the Department are tasked with handling a wide variety of calls and situations. For this reason, our officers have to be able to function in capacities such as counselors, referees, protectors, parents, judges, and disciplinarians. The task of fielding a group of individuals that are all skilled in these diverse functions is difficult, and the availability of desirable applicants for vacant positions is limited. However, our commitment to the citizens of St. Marys is to locate, hire, train and field the absolute best officers we can in the various positions within the Department. We are also determined to provide continued excellence through on-going training programs, professional operational standards, and a commitment to ethics and discipline that will serve to protect our citizens as well as our employees, and to guarantee a high standard for the services we perform.

## **Organization**

The St. Marys Police Department is divided into three major Divisions which include Uniform Patrol, Criminal Investigations, and Administrative Services. The operations of these Divisions are managed by members of the Department's administrative staff, and the overall operation of the Department is managed by the Chief of Police, the Major, and the other members of the Departmental administration team.

## **Administration**

The Chief of Police is the Department Head within the Police Department, and he is responsible for overseeing the activities of the administrative functions of the Department. In addition to the Chief, the departmental administrative personnel include the Major, three Division Commanders who hold the rank of Lieutenant, the Standards and Training Sergeant, the City Marshal and the Administrative Assistant.

The Chief of Police is responsible for the Administration of the department, the creation, revision and mediation of policy and related issues, establishing accepted police procedures for the Department, resolution of citizen complaints, budgeting and purchasing, hiring new personnel, inter-departmental and inter-governmental cooperative efforts, and other similar tasks. As a Department Head, the Chief of Police reports to the City Manager.

The Major is responsible for the operational aspects of the Department. Some of the responsibilities that fall to the Major include conducting hiring and selection tests, managing promotional tests, assisting with developing the budget, appraising performance, maintaining employee files, rewarding and disciplining employees, approving leave, assuring adherence to departmental policies, addressing complaints and resolving problems and other tasks that relate to the day-to-day operations of the department. As second in command of the Police Department, the Major reports directly to the Chief of Police.

The Standards and Training Sergeant is responsible for presenting relevant training to all the members of the Police Department in order to meet the requirements of State Certification and to ensure that all certified personnel maintain their certifications as required by law. Some of the duties that this position is responsible for include developing lesson plans, coordinating with guest instructors, presenting internal training to satisfy the various State requirements, scheduling outside training, managing employee training records, arranging for travel and accommodations for employees during outside training, reviewing internal in-car videos for policy compliance, assisting with internal discipline processes and investigations, and proposing, reviewing and revising operational policies. The Standards and Training Sergeant reports to the Chief of Police.

In 2009, the City Marshal position was added to the Police Department's table of organization. The City Marshal is a certified law enforcement officer who is tasked with enforcing the codes and ordinances of the City of St. Marys. Some of the duties of the City Marshal include responding to issues relating to permitting, sign usage, noise and nuisance complaints, illegal dumping, property disputes, alcohol sales and consumption issues, case preparation and court testimony and other issues that relate to the City Ordinances. Additionally, as a certified police officer, the City Marshal is able to assist the Department in on-going incidents as they occur, and as this assistance is needed. The City Marshal reports to the Chief of Police.

The Police Department's Administrative Assistant does not have any supervisory responsibility and serves as the only office-clerical position in the Department. As such, this position provides clerical assistance to the Chief, the Major and the other Administrative positions in the Department. Some of the duties of the Administrative Assistant include maintaining departmental and personnel records in compliance with City requirements, answering Open Record Requests, general office duties to include typing, call taking, customer service, computer operations, data entry, report writing, purchasing and finance duties, filling in temporarily during the absence of other non-certified support staff members and supply and quartermaster duties. Even though this position assists the entire administrative staff, the Administrative Assistant reports to the Chief of Police.

## **Departmental Divisions**

Each Division of the Police Department is commanded by a Lieutenant, and each Lieutenant, as a member of the Department's Administration, reports to the Major. Some of the duties of the Division Commanders include scheduling, supervising personnel, maintaining discipline, inspecting personnel and equipment, evaluating subordinates, upholding and interpreting policy for subordinates, recommending budgetary purchases, responding to the changing needs of the community through analysis of crime trends and incident statistics, providing services to the community that are in-keeping with high standards of professionalism, customer service and cooperation, and other similar requirements.

### **Uniform Patrol Division (UPD)**

The Uniform Patrol Division makes up the largest element of the Police Department, and all new officers are hired into this Division. This Division is responsible for proactive efforts to prevent crime or preserve public safety, and for reactive efforts to

respond to calls for service. Currently, UPD is composed of four shifts each working on a 12-hour schedule.

With the trends that we have seen in the recent past it is acceptable to state that on average, our department hires one out of every 20 candidates who apply for a position. To send five candidates to the police academy, as we did in 2007, we have to screen over 100 applications. Once a new officer is hired, they are not effective until they have completed all the required training. For a new officer that we send to the academy, this process of training will take a minimum of six months. By hiring candidates that are already certified, we can cut the training length to three months. However, the availability of desirable applicants is limited, and we are in competition with Kingsland and the Camden County Sheriff's Office for the same people.

### **Criminal Investigations Division (CID)**

The Criminal Investigations Division is responsible for conducting follow-up investigations on criminal incidents that are initially reported to the Police Department primarily through the Uniform Patrol Division. Once an officer responds to a call and completes the report and the field investigation, the report is usually turned over to CID for follow-up investigation. The Departmental CID Division is currently staffed with one Lieutenant, three detectives and a Property and Evidence Technician. Currently, the detectives maintain a caseload of approximately 45 to 60 open cases at any given time.

Under the supervision of the CID Commander, some of the responsibilities that relate to the Detectives include serving the victims of crime, working a rotating on-call schedule, developing leads for cases and following them, identifying suspects, conducting interviews, interrogations, line-ups, and other actions that result in developing information, obtaining and executing search warrants and/or arrest warrants, case preparation, inter-departmental cooperative efforts, courtroom testimony and other similar tasks.

The Property and Evidence Technician manages the Departmental Property and Evidence function under the CID Commander's supervision. Some of the Property and Evidence Technician's responsibilities include receiving, cataloging, processing, storing and maintaining all items of property or evidence received by departmental personnel, controlling access to the restricted areas of the property and evidence rooms, performing audits and inventories in compliance with departmental policy requirements, testing suspected narcotic samples for proper identification, transporting items of

evidence to the State crime lab, testifying in court when necessary, disposing of property and evidence in accordance with legal requirements and other similar tasks.

### **Administrative Services Division (ASD)**

The Administrative Services Division is responsible for several critical facets of the operation of the Police Department. In addition to the tasks already defined for Division Commanders, the Administrative Services Division Commander manages the State Certification Process. This function requires very substantial organizational skills in order to maintain the files from year to year with the proper documentation to satisfy departmental policy as well as the Certification standards. As the manager of the Certification processes, the ASD Commander must also complete training as a Certification Manager and a Certification Assessor. There is also an expectation from the State that the agency will send the Certification Manager to other agencies in Georgia to serve as an Assessor during their recertification processes at least two times per year.

In addition to the Certification requirements, some of the ASD Commander's duties include supervising the Records and Customer Service personnel, ensuring records maintenance under existing retention requirements, maintaining the repairs of departmental facilities, seeking, applying for and managing grants for the department, coordinating the selection and testing processes for new-hire candidates, conducting background investigations for new-hire candidates, interacting with the Georgia P.O.S.T. Council for employee changes in status, forming, coordinating and managing promotional testing procedures for the department, and other similar tasks.

### **Goals**

The Departmental goals for Fiscal Year 2011 include the following:

- 1 – Complete the spend-out of the Jag Byrne Grant to implement the departmental narcotics K-9 program.
- 2 – Begin the process of editing, revising and re-writing the departmental Policy Manual.
- 3 – Maintain full staffing levels in the face of severe economic problems, to include the hiring freeze.

4 – Seek additional sources of outside funding through available grants.

**2009 accomplishments with 2008 comparison**

The information that was used to complete this table was taken from the monthly reports that the Department completes for the City, and the monthly Uniform Crime Report that we generate for the FBI.

\* Ticket writing for 2010 has increased with approximately 1,781 tickets being issued during the first six months of the year.

## Estimated Population Ratios

Generally speaking, the average population ratio of officers to citizens for a city our size in this geographical region of the country according to the most recent statistics reported in 2008 by the FBI is 2.6 officers per 1,000 citizens. (See the FBI UCR statistics at: [http://www.fbi.gov/ucr/cius2008/data/table\\_71.html](http://www.fbi.gov/ucr/cius2008/data/table_71.html) - Group V Cities, South Atlantic region.)

Year	Population	# of Officers	Population Ratio*
2007	18,000	43	2.39 :1,000
2008	20,000	36	1.8 : 1,000
2009	20,500	37	1.8 : 1,000
2010	20,500	37	1.8 : 1,000

\* The population ratios shown are expressed as the number of officers per 1,000 citizens.

# St. Marys Fire Department

# St. Marys Fire Department

## ***Mission Statement***

*The St. Marys Fire Department's mission is to provide the citizens of this City with the best possible protection for their tax dollars, by ensuring the protection of life and property. This Mission Statement is the attitude of all paid and volunteer personnel who are a part of the St. Marys Fire Department. For we all stand as one, professionals, walking the walk and setting the example for the City of St. Marys and her citizens.*

## **Overview**

The St. Marys Fire Department accomplishes our mission by preventing fires and life safety hazards through education, engineering, and inspection. We suppress fires with a volunteer-based force that is supported by a paid personnel force. We respond to medical emergencies and provide aid and comfort. We train all department personnel and civilians to be prepared to serve the Community in times of crisis. And we are prepared to take a proactive role in the mitigation of Hazardous Materials, Confined Space, and Natural Disasters that the community may face.

The Fire Department currently has 21 full time Firefighters, 15 part time Firefighters, 20 Volunteer Firefighters, two Chief Officers, and one part time Staff Assistant to protect the City of St. Marys. At the beginning of FY 09 minimum staffing levels we determined to be three personnel (3/3/3) on each first out apparatus. Due to the economic situation within the City, minimum staffing was reduced to two personnel on first out apparatus at Station 9 and 7 and three personnel at Station 2 (3/2/2). This level has remained through 2010, and is the level that has been budgeted for the FY2011 Budget. Our goal is to return to the minimum level of three at each of the stations (3/3/3). This will allow us to comply with National Fire Protection Association Standards regarding staffing levels as well support our continued efforts in needed Insurance Services Office (ISO) points for personnel. The City of St. Marys currently has an ISO rating of a 4. Our goal is to lower the ISO rating to a 3, this is where the Citizens will see the greatest reduction in their homeowner's fire insurance premiums. Businesses would see the greater reduction by going to an ISO rating of a 2.

## **Fire Department Accomplishments**

Responded to 1,740 calls for service-

- 75 Structure Fires
- 1279 EMS/Rescue calls

## St. Marys Fire Department

- 177 Hazardous Conditions
- 47 Service Calls
- 56 Good Intent Calls
- 87 False Alarms
- 8 Weather/ Disaster

Average Response Time = 4.94 minutes

Volunteer Hours 2.406, if paid \$46,944.38 dollars.

Responded to properties valued at an estimated \$4,074,250 with a loss of \$959,950 dollars which equates to an average of a 24% loss to fires in structures we respond to.

Fire Prevention Activities:

- 750 Fire Inspections
- 194 Plan & Reviews
- 1914 Fire Hydrant Inspections
- 137 Pre Fire Plans
- 743 Burn Permits issued
- 2500 Children seen as a part of a Fire Safety Lesson

We averaged 198 hours of training per Fire Fighter.

- 2185 hours of Company Training
- 305 hours Driver Operator Training
- 275 hours on Hazardous Materials Training
- Attended 6 Hazardous Materials Drills on the Base
- Participated in three table tops through GMAG and GMA

Chief Horton continues to serve as the Area 5 GMAG Coordinator as well as the Chair of the Fire Committee of the All Hazard Council for Area 5.

# St. Marys Fire Department

## **Budget Summary**

We have put together a budget bases on the Council’s direction of no new positions. We have tried to maintain our current budget as close to possible. We are even reflecting a reduction in most areas. We have better ways to do our jobs, at even less the costs. We are still actively pursuing Fire Act Grants, for equipment, and the SAFER Grant, for personnel. This budget does not reflect any monies associated with these grants.

# Public Works Department

# Public Works

## Overview

The Public Works Department is responsible for the maintenance of all City streets, right-of-ways, public areas, buildings, equipment and vehicles. The department is comprised of several divisions; General Government Buildings & Plants, Highways & Streets, Parks, Engineering, Cemetery, and Special Facilities. The Public Works Department also supports other departments in their daily operations such as water and sewer administration. The day-to-day operations of the Public Works Department are supervised by the Public Works Director.

The General Government Buildings & Plants division has three crews: buildings, grounds and parks. The buildings' crew is responsible for the upkeep and renovation of all City buildings (including our Special Facilities which consists of Orange Hall and the Submarine Museum), plants and traffic signals. The grounds crew is responsible for maintaining the landscaping of all City buildings, medians, Oak Grove Cemetery, and some right-of-ways. The parks crew is responsible for maintaining the grounds of the waterfront park.

The Highways and Streets division has five crews; (2) ditch, (1) road, (1) general and (1) mowing. The ditch crews are responsible for the upkeep of the City's ditches and storm drains. The road crew is responsible for the upkeep of all city streets providing maintenance of curbing, gutters, pothole repairs, street sweeping, shoulder repairs, sidewalk repairs and installations. (These crews also assist with water and sewer repairs and installations). The general crew is responsible for the maintenance and installation of all City signage. The mowing crew is responsible for bush-hogging the City's right-of-ways as well as litter/debris removal.

The Engineering division has one crew. The engineering crew is responsible for providing technical support to all other City departments. It also provides technical assistance to the general public in residential, commercial and industrial capacities. It acts as a liaison with other municipal, state, and federal regulatory agencies such as the Department of Transportation, Environmental Protection Division, Department of Natural Resources, and the U.S. Army Corps of Engineers. Engineering responsibilities include water and wastewater design, storm drainage, City projects, plan review, construction inspection, site inspections, Public Works Policies enforcement, Erosion and Sedimentation Control enforcement.

Fleet Maintenance has one crew. The mechanics are responsible for the maintenance and repairs of the City's entire fleet. The Public Works fleet consists of 65 vehicles and pieces of heavy equipment, the Water department has 18 and the Sewer department has 51. The Police department's fleet consists of 45 vehicles which includes two dragoons and one motorcycle. The Fire department has 15 vehicles. Administration

has a fleet of 3 vehicles, Information Technology has 1, and Planning and Building has 4. The Senior Center has a large van and Tourism has an electric bus. The mechanics are also responsible for small equipment repairs such as push mowers, weed eaters, and chainsaws.

The Public Works department has on-call personnel that are available 24 hours a day 7 days a week to assist our customers with issues of signage, traffic signals, storm debris, road and drainage problems.

# Oak Grove Cemetery

# Oak Grove Cemetery

## Overview

Oak Grove Cemetery is located at the corner of Bartlett Street and Weed Street. The earliest marked grave is from 1801. A soldier from every War is buried in Oak Grove Cemetery.

The Cemetery is maintained by the City of St. Marys Public Works department. Oak Grove Cemetery lots are sold through the City Clerk's office. The Building inspector identifies and marks the lot for burial.

# Senior Citizens Center

# Senior Citizens Center

## Overview

The Senior Center is open to active senior citizens 55 years of age or older who live in St. Marys and are self reliant. The Senior Center is located at 120 Davis Street and is open Monday through Friday from 9:00 a.m. to 4:00 p.m.

Transportation is available to seniors in the City. Each day seniors may enjoy a hot meal at a very low cost. There are also plenty of activities for them to enjoy. These activities include, Line Dancing, Yoga, Bingo, and many more. During the year the Center hosts a Senior Prom and a Vintage Valentine Dance. There are also monthly blood pressure checks by a certified Nurse. Free legal aid is available through Georgia Legal Services for seniors.

The Senior Citizens Center is under the supervision of the Senior Center Director and the City Manager. The Senior Advisory Committee makes recommendations to City Council on behalf of the seniors.

## Accomplishments

During the FY10 fiscal year the Senior Director along with the Hospital Authority acquired a new facility. The new Senior Center is Located on Davis Street behind the Heritage Bank.

## Goals

The goals for next year are to add more activities for the seniors. We also hope to attract more seniors since the new location has more capacity and also has a very scenic landscape that will encourage outdoor activities during pleasant weather. The goal for a Walking path is currently underway by the Senior Advisory Committee.

Our main goal is to run a wonderful active senior program with as little cost as possible to the residents of St. Marys.

# St. Marys Public Library

## Overview

In 1821, Archibald Clark headed the newly founded Library Society in St. Marys. After a fire in 1862, the library became a WPA project, receiving funds for a 215 volume collection and a bookmobile. After WPA ended, the St. Marys Women's Club operated and sponsored the library for many years. In 1949, the St. Marys Library became an affiliate library of the Brunswick-Glynn County Regional Library System, now called the Three Rivers Regional Library System. After occupying many different locations, the library's collection of more than 20,000 items was moved to its current location, with a renovation and addition underway. The library's current collection tops 42,000 items-- books in large and regular print, audio books and movies on DVD. We circulate more than 100,000 items annually.

## Services

Free use of the library computers is an invaluable asset for the entire community. Students use the computers to complete homework assignments. Tourists stay in touch with family and friends through email, and access on-line banking. Many patrons use the computers to look for a job or to start a business.

As the community center for enrichment, St. Marys Public Library is committed to providing a variety of resources to meet the lifelong learning needs of our citizens.

The library offers daily...

- Saturday and evening hours
- Computer automated state-wide circulation system
- Wi-Fi internet access
- Notary services
- Microfilm reader/printer
- Voter registration
- Test proctoring
- Copy machines--15 cents per page
- Paperback exchange
- Interlibrary loan

- Fax machine--\$1.00 per page, sending and receiving
- Access to [GALE Legal forms](#)--NO legal advice
- Access to [Price It! Antiques and Collectibles](#) database
- Local census records on microfilm (1830-1930)
- Georgia Special Collection
- AR reading lists for all St. Marys schools
- Helen Ruffin Reading Bowl Books
- In honor of/in memory of program
- Lexile Rating information
- Annual participant in the National "Big Read" program
- Vacation reading programs for adults and children

# Planning & Building Department

## **Mission**

The adopted Mission Statement of the City of St. Marys is as follows:

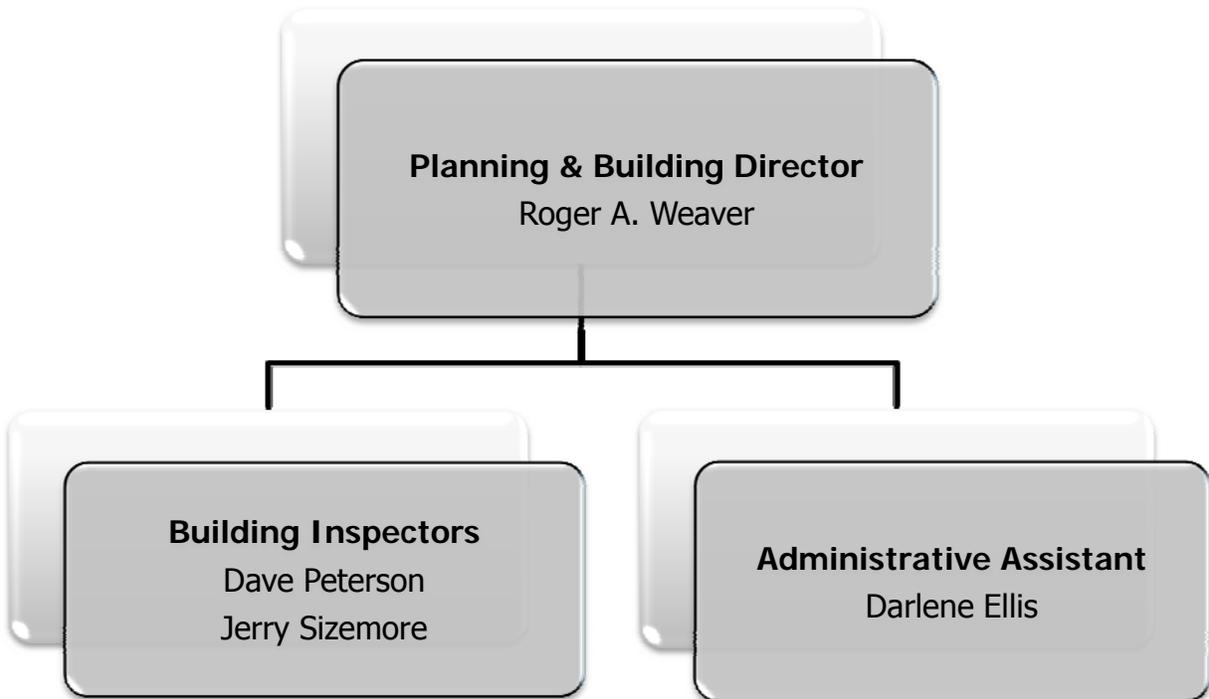

*“The mission of the City of St. Marys is to provide the most responsive and progressive public services, within the resources provided, so that our citizens can enjoy the best possible quality of life.”*

In order to accomplish this mission, all departments must strive to provide quality dependable service, to treat all citizens fairly and with the utmost respect, to respond to all questions, requests or complaints as soon as possible, to always be fiscally sound, to inform the public of all aspects of city government, to provide infrastructure, public facilities and image necessary to attract and keep residents and business, and to have reasonable fair tax rates and user fees.

## **Hierarchy**

The Planning and Building Departments as codified in City Ordinances are administered by one individual identified as the Planning and Building Director. Each Department operates both independently and in close cooperation with each other, depending on the issue and the project scope.

# Building Department

# Building Department

## Overview

The Building Department is comprised of the Planning and Building Director, two inspectors and an administrative staff individual shared with the Planning Department. The Staff of the Building Department is responsible for issuing building permits for residential and commercial projects and for completing building inspections on each structure constructed within the city. Inspections start from the preparation of the land to the complete construction of the structure insuring compliance with approved building codes adopted by the State of Georgia. It is our duty is to promote the health, welfare and safety of the public by the proper and timely inspection of structures from the ground up including general construction, structure, hurricane, plumbing, electrical, heating, air conditioning and energy. Inspections are completed according to the established codes adopted by the State of Georgia. We work closely with Engineers, Architects, contractors, developers, and owners to insure all construction meets the minimum code standard of quality and that all contractors have the proper legal qualifications to complete the work they are hired to perform.

Both Building Department Inspectors have obtained Certified Building Official (CBO) in the past year. This status is indicative of the high standards that the Building Department strives to maintain.

# Planning Department

# Planning Department

## Overview

The Planning Department consists of the Planning and Building Director, GIS Trainee/planning assistant, and an administrative staff member shared with the Building Department. The Planning Department Staff (Planning Director, GIS Trainee/planning assistant, and Administrative Assistant) is responsible for all issues related to zoning and land use of property located within the City boundaries, the subdivision of property within the City boundaries, annexation of property into the City, rezoning of property, issuance of special use permits, temporary permits, land disturbing permits, and uses permitted within zoning districts, disposition of dilapidated structures, demolition permits, Flood Plain management, occupation tax licenses, City ordinance code enforcement in conjunction with the City Marshall, issuance of sign permits, coordination with the Historic Preservation Commission, coordination with the Planning Commission and other duties. The Planning Department also oversees the development and submittal of the City Comprehensive Plan and the City Master Plan.

# Economic Development

## Economic Development

### Overview

The Economic Development Department, created in 2003, consists of both the Industrial and Downtown Development Authority. The Economic Development Department is responsible for the development and coordination of economic growth projects in the City of St Marys. It also coordinates, through partnership with the Industrial Development Authority and St Marys Downtown Development Authority, redevelopment of property owned or acquired by the City for the best economic use for the citizens of St Marys.

### Goals & Objectives

The mission of the Development Authority is to support current businesses and encourage new businesses development in St Marys. Preserve and enhance the natural beauty of St Marys. Promote St Marys as a destination of choice.

# Special Facilities

# Special Facilities

## Overview

The City of St. Marys owns and maintains two museums. The Orange Hall House Museum is an extraordinary example of antebellum life in Greek revival style dating back to circa 1820s-1830s. Located at 311 Osborne Street at the entrance of the historic district, tours are given daily through this elegant structure

St. Marys Submarine Museum is located right on the riverfront of St. Marys. The museum has one of the most extensive collections of submarine memorabilia and displays.

# Tourism & Orange Hall

## St. Marys Convention and Visitors Bureau

St. Marys CVB is comprised of a full time director, part time staff and ten dependable volunteers. CVB Director reports to the city manager and CVB board made up of seven people. Responsibilities include maintaining a tourism website, coast website, state website, budgeting welcome center and CVB with Hotel/Motel Tax, hosting groups, booking overnight groups, booking historic tours, maintaining volunteers as well as part time staff, grants, managing the welcome center, managing the day to day of Orange Hall, attending tourism meetings and events, working with media, greeting and welcoming visitors in the welcome center when busy, reports for CVB Board , board minutes, agenda director's report, budget, ad design and layouts for advertising, e-newsletters, purchase orders, bids, brochure design, reports requested by the city, and video updates.

### Accomplishments

- Working with the Cumberland Sound Water Taxi to increase group travel in St. Marys
- Retained a Volunteer base for tours and extra help in the Welcome Center of ten active participants and more reserve volunteers
- Created and implemented a new Survey to target the tourist visiting St. Marys
- Continued E-Newsletters Constant Contact to market St. Marys through packages, local events and specials.
- Assisted in creating a new CVB website and adding more information to the new state website monthly.
- St. Marys participates in Visit Jacksonville as a Partner which gives the accessibility to network with tourism entities in Northeast Florida.
- Media Coverage- Water Taxi and East Coast Greenway Project interviewed on First Coast News, Times Union, Tribune and Georgian, Brunswick News and Daytona Packet. Christmas Tour of Homes coverage- Georgia Magazine, Waters Edge Magazine, Brunswick News, Tribune and Georgian and AP out of Fargo North Dakota, Southern Living, Action News, AOL top 10 secret beaches, Fayette Magazine, Atlanta Constitution, Georgia Public Radio
- Hosted Savannah Northeast Florida Workshop on Wheels in January
- Hosted Bike Ride Across Georgia's winter ride in St. Marys. This is planned now as an annual event.

- Film society attracted movie Eye of the Hurricane to St. Marys. Tourism Director is responsible for housing for the crew.
- Planning a FAM Tour for 52 group leaders
- Special tour revenue for 2009-2010- \$ 9,710.00

## Goals

- Increase Visitation to St. Marys and Cumberland Island through offering more lodging, activities, shopping, and dining choices.
- Move CVB location closer to waterfront to increase visitation
- Enforce hotel/motel tax law on short term rentals
- Bring more film productions to St. Marys
- Attract a chain hotel on exit 1
- Increase fundraising for the CVB
- Work with social media, constant contact and press releases to increase tourism instead of print ads to save money and build up fund equity for the CVB
- Assist our hotels and Bed and Breakfasts survive the I-95 hotel prices of \$40-\$50.00 per night
- Work with regional neighbors CVB's to create more business
  - Welcome Center Statistics – 2009-2010- 11,732 visitors
  - Orange Hall Statistics            2009-2010 – 3317 visitors

# SPLOST V & VI

## **Overview**

Special Purpose Local Option Sales Tax (SPLOST) was enacted by Georgia legislators in 1985. It authorizes a county tax of 1% on items subject to state sales tax. The revenue earned from the tax must be used for specific period and dollar amounts for capital projects. The SPLOST tax must be voted on by residents.

## **Accomplishments**

SPLOST V has financed many projects within the City including Drainage, Sidewalks, Handicap ramps, Paving, and traffic signalization.

SPLOST VI has financed sewer infrastructure, drainage, paving, and building improvements.

## **Goals**

The City will continue to provide these upgrades to our infrastructure and buildings so we may offer our residents a better quality of life.

# Water & Sewer Department

# Water and Sewer

## Overview

The Water and Sewer Departments are responsible for providing potable water to the citizens and businesses of the City and for the collection and processing of wastewater, making it safe to put back into our environment. The day-to-day operations of the Water and Sewer Departments are supervised by the Public Works Director. The overall responsibility of the Water and Sewer Fund rests with the City Manager. The Finance Department provides meter reading, billing, revenue collections, financial reporting and audit services for the Water and Sewer Fund.

The Water & Sewer Departments serve a population base of over 19,700. The Water Department maintains a distribution system of 127 miles of main lines ranging from 2 inches to 12 inches in diameter. There are three field crews (water plants, maintenance, & meter readers).

The water plant crew is responsible for the operation and maintenance of the City's three (3) water plants and one (1) booster station assuring compliance with EPDs permitting requirements. These plants pump an average of 1.7 million gallons per day (MGD). This crew also helps our customers with complaints of low water pressure, strong odors of chlorine or sulfur, and water leaks.

The maintenance crew performs a variety of functions related to the City's water distribution lines. The crew installs water taps, meters, backflow preventers (BFPs) and fire hydrants. They perform repairs on the City's existing water main lines and services and installs new mains and services. This crew also locates the City's water and sewer lines for the telephone, power, gas, and cable companies prior to them digging to avoid damage to the lines.

The meter readers perform a variety of functions relating to the City's metering system. The crew takes individual meter readings monthly, terminates services as needed and makes minor repairs to water services and meters.

The Sewer Department maintains 129 miles of sewer main lines ranging from 2 inches to 24 inches in diameter. The department consists of wastewater plant crews (plant operators, belt press operators, laborers) and collection system crews (lift stations technicians, operation technicians, camera & vac-con truck operators).

The wastewater plant operators perform a variety of technical functions related to the operation and maintenance of the City's three (3) wastewater treatment plants assuring compliance with EPDs permitting requirements. These plants process an average of 1.9 million gallons daily (MGD).

The belt press operators are responsible for the operation of the City's sludge handling equipment (1 – stationary belt press, 1 – mobile belt press unit, & 1 - centrifuge) and hauling the sludge from the plants to the county landfill.

The laborers are responsible for maintaining the buildings and grounds of the wastewater plants, removing solids from drying beds and sanding the beds. They also assist in other areas as needed.

The collection system crews perform a variety of functions related to the wastewater collection system consisting of seventy-one (71) sewer lift stations.

The lift station technicians are responsible for inspecting the lift stations, taking readings, and checking alarms daily to ensure they are functioning properly. The crew performs minor maintenance of these stations and reports inoperable stations and maintenance requiring the skills of the operation technicians. They also maintain the grounds of the stations (mowing, weeding, & clearing debris) and assist in other areas when necessary.

The operations technicians are responsible for maintaining a variety of the City's electrical systems not limited to but including lift stations, wastewater plants, water plants and booster stations as well as other city structures and components. This crew also assists in the repair of gravity lines and force mains and they assist citizens with complaints of sewer blockages and odors.

The camera & vac-con truck crew is responsible for the operations of the cleaning and televising equipment. The crew video's sewer lines to determine if there is a problem and to find the location/cause of the problem. The vac-con truck is used to clean sewer lines. They also assist other crews with the repair of sewer lines, smoke testing, lift station cleaning, and hydro-excavating.

The Water and Sewer departments have on-call personnel that are available 24 hours a day 7 days a week to assist our customers with complaints of low water pressure, water and sewer odors, water leaks and sewer blockages.

# Solid Waste

## Overview

The City provides curbside collection of garbage, brush, and recyclables to residents of St. Marys. The Finance department provides billing, revenue collections, financial reporting and audit services for Solid Waste.

The City requires a one time administration fee for new residents. There is a senior discount available to residents over the age of sixty-five who meet annual household income requirements.

## Accomplishments

The garbage collection service was contracted out in 2008. At this time most problems associated with the transition have been ironed out. One of the surplus garbage trucks was sold to a neighboring city in 2009. The three remaining trucks were sold through Ritchie Brothers Auctioneers in 2010.

## Goals

We will continue to offer the best possible quality of service to our residents.

## Solid Waste Revenues

# Aquatic Center

# ST. MARYS AQUATIC CENTER

## OVERVIEW

The St. Marys Aquatic Center opened for business in May of 2002. During the past 8 years, we have seen an increase in every aspect of our business; from daily attendance, season passes, group and Birthday party reservations, as well as all areas of revenues. The following graph shows the revenue sources at the Aquatic Center and their increases over the past 5 seasons. The Aquatic Center currently employees 1 full time person and 35-40 seasonal positions.

Our focus is to provide a safe recreational environment for the residents of St. Marys and surrounding areas and to provide quality swimming instruction for participants.

## Accomplishments

Over the past 8 years, the Aquatic Center has had to adapt to larger crowds and more demand for services. We have added the following amenities for our guests use and comfort while they are here: 3 shade pavilions, locker rentals, a stand alone Gift Shop, added concession menu items, additional tables, chairs and umbrellas, extra Birthday party services, season pass holder perks, expanded park hours, expanded telephone reservation system, and a user friendly web-site.

Other accomplishments that the guest does not see include: enhanced training programs for regular and Supervisory staff, updated computer equipment, repair and maintenance of all pool equipment and structures, credit card capability, and improved staff recruitment and hiring practices.

## Responsibilities

The Aquatic Center has a responsibility to the members and guests to provide a safe swimming and recreational experience for all users. This includes safety of the water environment (following water quality standards and enforcing safety rules), safety of the park (including injury prevention and management for employees and guests), and food safety in our concession operations. The Aquatic Center must pass several inspections in order to operate, both from the local Environmental Health Department and the state Department of Labor. Lifeguards must hold current certifications in Lifeguarding as well as First Aid and CPR with the addition of an AED certification (automatic external defibrillator). Our Guest Services staff is trained in the areas of basic First Aid and Food Safety as well as customer service. To satisfy Health Department codes, one employee must be certified as a Certified Pool Operator and Food Safety Manager.

All Aquatic Center employees are trained to respond to guest complaints, injuries, as well as emergencies. After 8 complete seasons, the Aquatic Center has an excellent safety record noting minimal guest injuries and complaints.

## Goals

We are quickly running out of space! In order to serve more guests, the park will need to expand. Ideas include more slides, more seating areas, parking, and additional office space. Our park capacity is listed at 800 people at any given time; and has come close during the past two seasons.

Over the years, we have received compliments for the cleanliness of our park and the positive staff members we have. We will continue to upgrade our hiring and training programs to find the best employees for our staff.

All of our employees are concerned with guest safety whether they are Lifeguards actively watching swimmers or Guest Services staff serving food, cleaning the park, or hosting a Birthday party. We will continue to emphasize this in our training programs.

We will make a concerted effort to manage our employee hours as well as our operating costs without cutting back on services to our customers.
