# City of St. Marys Organizational Chart

An Ordinance to Adopt a City Budget  
For the City of St. Marys, Georgia

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF ST. MARYS, GEORGIA, that the City enact an Ordinance to be entitled "Budget Ordinance for the City of St. Marys, Georgia, for the fiscal year commencing July 1, 2011 and ending June 30, 2012" to read as follows:

BE IT ORDAINED, that the City hereby adopts the General Fund Budget as prepared and submitted on June 20, 2011, a summary of which is attached hereto and labeled "Exhibit A".

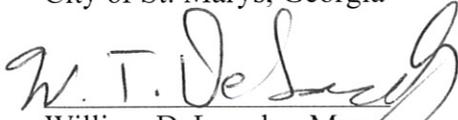

BE IT FURTHER ORDAINED, that the City hereby adopts the Water & Sewer Enterprise Fund Budget as prepared and submitted on June 20, 2011, a summary of which is attached hereto and labeled "Exhibit B".

BE IT FURTHER ORDAINED, that the City hereby adopts the Solid Waste Enterprise Fund, SPLOST Fund, Special Revenue Tourism Fund, Hotel/Motel Fund, Multi Grant Fund and Aquatic Park as prepared and submitted on June 20, 2011, a summary of each being attached hereto and labeled "Exhibit C".

THEREFORE, BE IT RESOLVED, that the City of St. Marys does hereby ordain, resolves and enacts the foregoing Budget Ordinances for the City of St. Marys, Georgia.

Adopted this 20<sup>th</sup> day of June, 2011.

City of St. Marys, Georgia

  
William DeLoughy, Mayor

Attest:

  
Darlene Roellig, City Clerk

Approved as to Form

  
City Attorney

# Legislative Department

# Legislative Department

## Mission Statement

The City Clerk's office strives to efficiently meet all statutory obligations with respect to elections, records, policy and legislation of the City of St Marys.

## Overview

The Legislative department is the governing body of the City. The City clerk and six council members, headed by the Mayor make up the Legislative department. The City clerk is responsible for legislative operations of the City, and is accountable to the Mayor, Council, City Manager and its citizens. The City clerk has signature authority, which is required on all ordinances, resolutions, and other documents of the City. The City clerk serves as secretary to the council, safeguards all records and documents, implements codes and regulations, and election proceedings. The Office of the City Clerk serves as an information center whose services impact a diverse clientele, including the general public, the media and other government entities. The Clerk's office is traditionally associated with municipal elections, recording the minutes of the council meetings, safeguard all records and documents, implements codes and regulations, and maintain and produce documents that enable the public to participate in local government.

Serving as City clerk, motivates us to uphold the directives that commit us to upholding city and state policy, which provides a new challenge everyday and a great way to serve the community.

## Accomplishments

- Created a data base using the Incode software program for Oak Grove Cemetery and alcohol licenses.
- Coordinated City and community participation in Mayors' Day Christmas Motorcade a program sponsored by GMA to donate gifts to the mental health patients at Georgia Regional Hospital in Savannah.
- Local legislation for Charter changes (HB105 & HB106) has been forwarded to the Georgia House of Representatives and Senate to hold a referendum to change the elected official's terms of office from four to three years and plurality voting to majority. These Bills were signed by Governor Deal.
- Local legislation for the Convention and Visitors Bureau Act (HB 839) has been forwarded to the Georgia House of Representatives and Senate to introduce changes. This bill has not been presented by either legislator.
- Local legislation for the Senior Homestead Exemption Act (HB 1151) has been forwarded to the Georgia House of Representatives and Senate to reduce the cap on senior homesteader's net income from \$25,000 to zero. This bill has not been presented by either legislator.

## Goals

The goals for the Legislative department are to provide courteous, professional and quality service to elected officials, city staff, and most importantly, the public. Continue to maintain projects that were implemented in previous years as follows:

- Continue to evaluate Senior Homestead Exemptions to insure status.
- Continue the cancellation of liens to assist property owners with property sales.
- Continue to reduce storage issues by adding departments to the scanning system.
- Continue to maintain certification for “Model Code of Ethics for Georgia City Officials”.
- Enhance Open Meetings/Open Records Training for city boards and nonprofit organizations.
- Implementation of a council retreat for leadership and team building facilitated by Carl Vinson Institute of Government.
- Continue to verify the status of legal aliens through the SAVE Program mandated by the Department of Homeland Security, U.S Citizenship and Immigration Services.
- Continue the Georgia Applicant Processing Services (GAPS) Program for electronic criminal history information in Georgia Bureau of Investigation (GBI) and Federal Bureau of Investigation (FBI) files for alcohol licensing compliance.

# Executive Department

# Executive Department

## Overview

The Executive department has the overall responsibility for monitoring the daily operations of all City activities. The City Manager and Executive Assistant make up the Executive Department.

The City Manager is the chief administrative officer of the City. The City Manager is responsible to the Mayor and Council for proper administration of all affairs of the City.

## Goals

- Implement directives from the Mayor and City Council, including identified capital projects and initiatives noted in the budget.
- Continue to work with Department Directors and employees to review City operations for efficiencies and effectiveness.
- Work with employees to increase dissemination of information about the City to employees.
- Develop ways to increase and improve information to the public.
- Increase educational efforts for citizens regarding City operations and issues.
- Improve customer service of the City and responsiveness to citizens.
- Increase training opportunities for City employees.

# Finance Department

# Finance Department

## Overview

The Finance Department is responsible for maintaining the proper accounting methods and financial integrity of the City. The Finance Department consists of various functions that are vital to the fluent operation of all City departments. The department is headed by the Finance Director.

Employees in the Finance Department are budgeted in General, Water, Sewer, and Solid Waste Funds.

Customer Service Representatives (CSR's) are at the forefront of City Hall. They greet walk-in customers, answer questions via phone and dispatch to proper departments, receive new applications for Water/Sewer customers, receive disconnect requests, handle all money paid to the City and receipt it in appropriate accounts. They are also responsible for balancing their registers daily and verifying reports for accuracy.

The Utility Billing Clerk is the direct supervisor of the CSR's and is responsible for overseeing the daily operation of the Customer Service Area. The clerk is also responsible for preparing and billing water, sewer, and solid waste customers.

There are three meter readers and a Lead Meter Reader. They are responsible for reading and updating all customer usage for billing. They also respond to repair needs, cut-offs, turn-on, service orders, temporary service requests, tamper investigations and customer inquiries.

The Purchasing Agent works directly with department inventory personnel to ensure the timely order and delivery of materials and items. The Purchasing Agent ensures that proper approval has been obtained and that the budget has not been exceeded. Monthly encumbrance reports are distributed to department heads by the Purchasing Agent. The Purchasing Agent also provides support to the CSR's in the Water Department.

Accounts Payable enters invoices and pays vendors for services or materials after verifying with departments that items have been received. Accounts payable maintains contact with departments and vendors to ensure all invoices are paid by due dates and that any terms are used in order to reduce cost. Accounts Payable also provides support to the CSR's in the Water Department.

The Junior Accountant reconciles City bank statements, updates fixed assets, reports accidents to our liability insurance and is backup for property tax questions and billing. The Junior Accountant also maintains SPLOST records and Grant files.

The Bookkeeper is responsible for payroll processing, auditing of daily activity from incoming receipts, budget preparation, Reporting sales & use tax for the Aquatic Center and Tourism. The Bookkeeper also handles the end of year processing of W-2's and 1099's. The Bookkeeper also extends support to the Human Resources Department.

The Staff Accountant is responsible for billing property taxes, processing corrections of taxes from the County, reporting 941 wage reports, State unemployment reporting, recording and processing end of month journal entries and preparing the deposit from daily receipts. The Staff Accountant provides support for the Human Resources Department as well.

The Assistant Finance Director assists in the day to day operation of the Finance Department. The Assistant Finance Director is responsible for recording and processing closing month journal entries to the General Ledger, reviewing end of month reports for accuracy, recording budget ordinance requests and making changes in the budget software and helping with property tax questions.

### **Accomplishments**

The Finance Department coordinated with City departments to hold a surplus sale. Vehicles and equipment that were no longer useful to the City were sold by sealed bid.

We printed and mailed our own Property Tax Bills for the second time.

The Finance Department assisted the City in the refinancing of the 2007 Bond with a fixed rate.

Because of the efforts from the Finance Department, the City also received an AA rating from Standard and Poor's.

The Finance Department obtained a successful audit for FY2010.

### **Goals**

- The Finance department encourages continuing education for their employees. Tuition reimbursement is available in the FY12 budget for employees to further their education.
- Accounts Payable has started scanning documents to the server.
- The Finance Department is working on updating the Purchasing Policy.
- The Finance Department plans to implement Purchasing Cards in FY12.
- The Finance Department intends to work with other departments to put into effect the low income housing loan fund.

# Information Technology Department

# Information Technology

## Overview

The Information Technology Department was added to the City in 2006. Currently the department has two full time employees that provide support to all departments.

## Description of Activities Performed in Department

Activity Name	Description
Configuration Management	Administration of equipment, software, networks, facilities, and processes. This is accomplished by identifying and controlling configurations and interfaces. This includes changes and assuring conformance to avoid conflicts.
Information Systems Security	Ensure access security (physical and digital) for information systems and equipment. Ensure IT assets (PCs, servers, switches, routers, networks, wiring). Perform security assessments. Develop and maintain security plans and procedures. Manage firewalls.
Telecommunications	Provide connectivity to employees for telephones, smart phones, VPN. Manage phone maintenance orders with local telecom.
Disaster Recovery	All efforts related to creating and maintaining business continuity processes, recovery of data after failure, and maintaining server uptime. This includes data replication, system backup, and off-site storage procedures.
Customer Service and Support	Support all application installations, computer maintenance, software, and hardware troubleshooting. Upgrade hardware and software, Network and desktop support, maintaining all systems with the latest antivirus and software patches, maintaining all asset and incident response calls, point of contact for all users.
Requirement Analysis	In support of customers, all efforts and activities associated with planning and designing the installation and maintenance of networks to support information systems activities. Proposes detailed specifications and flowcharts and coordinates terminal orders and cable installation, network system planning, monitoring, testing and servicing.
Server Administration	Maintain and operate server hardware and software. Perform routine maintenance of servers. Maintain current software licenses. Perform data backup. Upgrade server disk space, memory and storage.
E-Waste Management	Removal and disposal of electronic waste equipment.
Build Hardware Systems	Acquire IT hardware components and integrate. Design and build necessary ancillary components required to integrate hardware.
Manage Operations Centers	All efforts related to operating and maintaining an operation center. This includes server monitoring, staff management, and creating and maintaining server rooms.

Wireless Networking	In support of the installation of wireless networking, all efforts and activities associated with planning and designing the installation and maintenance of wireless networks.
Staff Training	All efforts related to planning, development, and growth of course information and materials. This includes developing course curricula, documentation, and providing instruction to personnel regarding new hardware, software and other technologies.
Software Integration	To integrate two or more software applications to exist or act as one entity, user requirements must be formally obtained. Software engineers must determine the common requirements (database or front-end) to allow the new application to be or virtually act as one system.
Manage Multimedia	Hosting of multimedia web pages. Development of presentations.
Provide Web Support	Plan, program, test, and maintain websites and/or web applications. Provide the necessary administration of the system and users.
Management and General Administrative	General management of staff, employee performance, human resource activities, producing general management reports, meetings, general-purpose emails, and phone calls that cannot be directly attributed to one of the other IT activities. Compliance with general requirements for training, certification, and/or compliance with personnel related regulations.
Network Engineering	Design and manage local area network to support local area business requirements. Responsibilities include specifying and procuring all computer related hardware and corresponding software. Network operating systems include the development and distribution of policies to all members/users of the network. All printers and network related peripherals are connected and made easily accessible to users with requirements and permissions.
Equipment Purchasing and Leasing	All efforts related to the acquisition of hardware whether network, PCs, copiers, printers and other peripherals. Leasing of large equipment such as multi-function equipment and setup. Negotiating and obtaining lowest quote possible for acquisition of equipment.

## Trends, Accomplishments and Goals

The Information Technology (IT) Department has continued to serve the external and internal customers of the City of St. Marys since 2006. Going into FY12, we continue to experience the ongoing financial problems that are felt across the globe. We look for new ways to bring more services and capabilities to our customers without increasing the budget, but rather by decreasing process waste and inefficient ways of service. Our #1 priority is service to the customers, as we go into FY12.

The IT department continued to provide assistance and resources throughout the network. Remote access capability (voice, video and data), network expansion and server support were the biggest activities of FY11. We lowered our initial FY11 budget by over \$5000 and FY12 budget is lower still. We have replaced hard drives and power supply batteries. Most servers are not at

end-of-lifecycle (EOL), but the few servers that are nearing EOL will be maintained on a case-by-case basis. Our infrastructure is still department-focused with VPN over DSL connections and location-centric phone networks. Most phone networks are no longer under support. Travel and training has also been cut from the FY12 budget.

Our IT department was instrumental at redesigning the City website. We lowered the total cost of the project by keeping key processes in-house such as; conversion from old website, graphic design and group training via remote conferencing. There has been a lot of positive feedback about the new website. The bright colors, vivid imagery and simple organization have been very well received by the community. We anticipate expanding this website in the future with an Employee Intranet and Citizen Request Tracking, a case management module with reporting capabilities.

The IT Department was also the first Department in the City to work with Georgia Department of Labor in the Georgia Work\$ program. Brian Vail was trained in processes, procedures and skills in today’s IT field. Brian successfully completed the program and was offered employment at the end of the program with a federal agency.

Our goal for FY12 is to continue our success in communications by improving Skype practices, implementation of Office 365 and continuous improvement of the websites. Process review and improvements are one of the main goals of the coming year, with internal review of all processes using Six Sigma methodologies. We look to reduce waste by at least 50% and improve turnaround times. We are looking to apply for Georgia GMIS Information Technology Agency Standard Certification, a level of accreditation and a demonstration of knowledge and practice in the area of Local Government Information Technology. We continue our “Green IT” initiative of lower energy use by using eco-friendly equipment and recycling our electronic waste with an environmental responsible partner – Creative Recycling.

**Equipment Currently in Use**

## **Projects completed in FY2011**

- Implementation of Remote Access Servers for Branch Locations – INCODE.
- Centralized Security Software Throughout Network.
- Public Works Restore Application/GIS Server.
- Renew Mobile Communications Contract.
- Wire Library Expansion.
  - Install Server, Staff Desktops, Patron Desktops, and Patron Laptops
  - Develop Risk Management Plans
  - Implement First VoIP Phone System in City Infrastructure
- Design and Implement New City Website.
  - Implement Intranet Features for Employees
- Design and Publish Employee Newsletter Monthly.
- Expansion of Network Services to Scrubby Bluff, Tourism.
- Expansion of Exchange Services to Scrubby Bluff, DDA, Tourism.
- Tourism Relocations.
- BIS Digital Upgrades for Clerk, Court and Planning.
- Decommission (2) Unsupported Servers in Police Department.
- Redesign Police Department Network and Data Services.
- Continued Implementation of Virtualized Servers.
- Process Improvement – HelpDesk Ticket Management.
  - Participate in Georgia Work\$ Program through Georgia Dept. of Labor
- Identify Municipalities with Adequate Capacity in Case of Evacuation.
- Develop Social Media Policy/Program & Training.
  - Plan, Implement, Measure, Succeed
- Work on Voice/Data Communications for Examiners in Navy Procedure Exercise.
- Remote Video Communication – Staff Interview, City Manager Interviews, City Attorney Meeting Attendance.
- Complete Information Technology Leadership Certification – Georgia GMIS & UGA Carl Vinson Institute of Government.
- GMIS International Conference Committee – GMIS 2010 International Conference (Atlanta).
- GMIS International Advisory Council – Website Committee.
- Georgia GMIS Website Administrator.

## ➤ **Projects in FY2012**

- Upgrade Domain Controllers to Windows Server 2008, R2 if possible.
- Implementation of Microsoft Office 365 Services throughout Existing Enterprise Network.
- Implementation of Intranet for all City Employees.
- Development of Central Communications Plan.
- Development of Emergency Communications Plan.
  - Central Area for Employee Related information.
    - Healthcare forms
    - Payroll Information

- Policies & Procedures
- Manuals
- Training & Organizational Development
- Department-level Process Review/Improvements.
  - Utilize Six Sigma Methodologies for Process Improvement
  - Review Inefficient & Ineffective Processes
  - Minimize, or eliminate if possible, Process Waste
  - Reduce Redundant and/or Un-necessary Procedures and Practices
- Utilize More Remote Video Conference Tools.
- Apply for Georgia GMIS IT Agency Standard Certification.

# Human Resources Department

# Human Resources Department

## Overview

The Human Resources Department supports all City departments and employees by providing services such as recruitment, selection, benefits administration, maintenance of personnel records, and policy direction on human resource management issues. The department also facilitates the City's workers' compensation, health & wellness and safety programs and coordinates internal training programs for City employees.

## Accomplishments

- Reduced Workers Compensation costs.
- Held second Joint Health Fair with Camden County, Kingsland & Woodbine at the Camden County PSA, which was a huge success with over 30 vendors participating.

## Goals

- Provide a competitive compensation and reward plan that will help in recruiting, hiring, and retaining talented employees.
- Continue development of Health & Wellness Program.
  - Joint Health Fair with Camden County, City of Kingsland & Woodbine
  - Explore other joint efforts with Camden County, City of Kingsland & Woodbine to enhance employee health & wellness
- Continue to evaluate the cost/benefit of current benefit offerings to ensure they are competitive.
  - Maintain or improve current level of services for medical, dental and life, while monitoring & controlling costs
  - Maintain or improve current level of Workers Compensation benefits
  - Reduce cost of General Liability insurance
- Improve effectiveness of the Human Resources Department to other departments.
  - Evaluate, enhance & improve current personnel policies
  - Design and development of a Human Resources web page to provide employee access to personnel policies, procedural guidelines, forms and increased access to services
- Provide a professional development and training program, which will help department directors and staff acquire the knowledge needed to achieve performance excellence and maximize productivity.

# Municipal Court

# **Municipal Court**

## **Mission Statement**

To provide a forum for fair and efficient adjudication of all matters brought before the Municipal Court of St. Marys in such a manner that will protect the integrity of the judicial process. Through continuous improvement of services, accessibility and technology avail public trust and confidence in the court system.

## **Overview**

The Municipal Court of St. Marys is currently staffed by one Court Administrator and one part time Chief Judge. The Judge hears all cases involving City ordinance violations as well as state misdemeanor traffic violations and some misdemeanor criminal offenses committed within this jurisdiction.

Sessions for the Municipal court are held on the first and third Friday of each month. Beginning at 9:00 a.m. on the first Friday and 11:00 a.m. on the third Friday, plea and arraignments are held. At that time the defendant is asked to enter a plea to the charges. If the defendant enters a not guilty plea at the arraignment they are then assigned a trial date, which is held the third Friday of the month beginning at 9:00 a.m. All court sessions are held in the Council chamber located at 418 Osborne Street, St. Marys, Georgia.

The Municipal Court is responsible for accurately recording and processing all citations filed in this court. Through this process, the court routinely updates criminal and/or driving histories of defendants who have come before the court. For criminal justice purposes, this is a very important step in our common goal to reflect accurate and up to date information. Dispositions are reported electronically to GCIC and the Georgia DDS. This helps to ensure that information is available in a timely manner.

The issuance of failure to appear warrants, summons, continuances, subpoenas for final cases, upon request transfer paperwork to Superior Court, as well as responding to open record requests are tasks that the clerical staff facilitate daily in the Municipal Court of St. Marys. The Municipal Court is also accountable for all monies collected and disbursed to different state, county and local agencies. Currently, probation is handled by a private company, Satilla Probation. They provide monthly reports and timely payments of all monies due the Court.

## **Accomplishments**

The Municipal Court continues to effectively submit all suspension notices and withdrawal of suspension notices to proper agencies electronically. Successfully able to provide a forum for

fair and efficient adjudication of all matters brought before the Municipal Court of St. Marys in such a manner that continues to protect the integrity of the criminal justice process.

**Performance Measures**

<b>Performance Indicators</b>	<b>Actual FY 09/10</b>	<b>Actual FY 10/11</b>	<b>Projected FY 11/12</b>
Citations Processed	2506	3361	3932
Bond Forfeitures Processed	962	2077	2430
Failure to Appear Warrants	41	44	48
Suspension Notices Issued	73	233	256
# of Defendants Put on Probation	97	253	278
Fines/Fees Assessed	\$388091	\$498,998	\$538,898
% of Processed Citations Adjudicated	91%	80%	90%

**Goals**

The Municipal Court has several long term goals and objectives that we will continue to strive for and eventually achieve.

- Certification as a Municipal Court Clerk through continued education is the top priority this year.
- Due to overcrowding, locating an alternate location for court to be held or adding another court session will have to be discussed.
- The Municipal Court would like to begin getting proposals from collection agencies for collection of old unpaid uniform traffic citations.

St. Marys Police Department

# St. Marys Police Department

## **Mission Statement**

It is the mission of the St. Marys Police Department to provide the highest level of service possible to our community through continuous quality improvements and exceptional, ethical and professional standards.

## **Motto**

Honor, Integrity, Respect and Courage

## **Overview**

The St. Marys Police Department is a full-service organization that operates 24 hours per day. The members of the Department are tasked with handling a wide variety of calls and situations. For this reason, our officers have to be able to function in capacities such as counselors, referees, protectors, parents, judges, and disciplinarians. The task of fielding a group of individuals that are all skilled in these diverse functions is difficult, and the availability of desirable applicants for vacant positions is limited. However, our commitment to the citizens of St. Marys is to locate, hire, train and field the absolute best officers we can in the various positions within the Department. We are also determined to provide continued excellence through on-going training programs, professional operational standards, and a commitment to ethics and discipline that will serve to protect our citizens as well as our employees, and to guarantee a high standard for the services we perform.

## **Organization**

The St. Marys Police Department is divided into three major Divisions which include Uniform Patrol, Criminal Investigations, and Administrative Services. The operations of these Divisions are managed by members of the Department's administrative staff, and the overall operation of the Department is managed by the Chief of Police.

## **Administration**

The Chief of Police is the Department Director within the Police Department, and he is responsible for overseeing the activities of the administrative functions of the Department. In addition to the Chief, the departmental administrative personnel include the Major, two Division Commanders who hold the rank of Lieutenant, and the Standards and Training Sergeant.

The Chief of Police is responsible for the Administration of the department, managing the departmental budget, the creation, revision and mediation of policy and related issues, establishing accepted police procedures for the Department, resolution of citizen complaints, budgeting and purchasing, hiring new personnel, inter-departmental and inter-governmental cooperative efforts, and other similar tasks. As a Department Director, the Chief of Police reports to the City Manager.

The Major is responsible for the operational aspects of the Department. Some of the responsibilities that fall to the Major include command responsibility for the Patrol Division, and supervision of the Division Commanders. Other duties include appraising performance, maintaining employee files, rewarding and disciplining employees, approving leave, assuring adherence to departmental policies, addressing complaints and resolving problems and other tasks that relate to the day-to-day operations of the department. The Major reports directly to the Chief of Police.

The Police Department's Administrative Assistant does not have any supervisory responsibility and performs office-clerical functions in the Department. As such, this position provides clerical assistance to the Chief, the Major and the other Administrative positions in the Department. Some of the duties of the Administrative Assistant include maintaining departmental and personnel records in compliance with City requirements, answering Open Record Requests, general office duties to include typing, call taking, customer service, computer operations, data entry, report writing, purchasing and finance duties, filling in temporarily during the absence of other non-certified support staff members and supply and quartermaster duties. Even though this position assists the entire administrative staff, the Administrative Assistant reports to the Chief of Police.

## **Departmental Divisions**

Each Division of the Police Department is commanded by a command staff level officer. Due to the size and diverse missions assigned to the Uniformed Patrol Division, this Division is commanded by a Major. The Criminal Investigations Division and the Administrative Services Division are each commanded by Lieutenants.

Some of the duties of the Division Commanders include scheduling, supervising personnel, maintaining discipline, inspecting personnel and equipment, evaluating subordinates, upholding and interpreting policy for subordinates, recommending budgetary purchases, responding to the changing needs of the community through analysis of crime trends and incident statistics, providing services to the community that are in-keeping with high standards of professionalism, customer service and cooperation, and other similar requirements.

### **Uniform Patrol Division (UPD)**

The Uniform Patrol Division makes up the largest element of the Police Department, and all new officers are hired into this Division. This Division is responsible for proactive efforts to prevent crime or preserve public safety, and for reactive efforts to respond to calls for service. Currently, UPD is composed of four shifts each working on a 12-hour schedule.

With the trends that we have seen in the recent past it is acceptable to state that on average, our department hires one out of every 20 candidates who apply for a position. To send five candidates to the police academy, as we did in 2007, we have to screen over 100 applications. Once a new officer is hired, they are not effective until they have completed all the required training. For a new officer that we send to the academy, this process of training will take a minimum of six months. By hiring candidates that are already certified, we can cut the training length to three months. However, the availability of desirable applicants is limited, and we are in competition with Kingsland and the Camden County Sheriff's Office for the same people.

### **Criminal Investigations Division (CID)**

The Criminal Investigations Division is responsible for conducting follow-up investigations on criminal incidents that are initially reported to the Police Department primarily through the Uniform Patrol Division. Once an officer responds to a call and completes the report and the field investigation, the report is usually turned over to CID for follow-up investigation. The Departmental CID Division is currently staffed with one Lieutenant, three detectives and a Property and Evidence Technician. Currently, the detectives maintain a caseload of approximately 45 to 60 open cases at any given time.

Under the supervision of the CID Commander, some of the responsibilities that relate to the Detectives include serving the victims of crime, working a rotating on-call schedule, developing leads for cases and following them, identifying suspects, conducting interviews, interrogations, line-ups, and other actions that result in developing information, obtaining and executing search warrants and/or arrest warrants, case preparation, inter-departmental cooperative efforts, courtroom testimony and other similar tasks.

The Property and Evidence Technician manages the Departmental Property and Evidence function under the CID Commander's supervision. Some of the Property and Evidence Technician's responsibilities include receiving, cataloging, processing, storing and maintaining all items of property or evidence received by departmental personnel, controlling access to the restricted areas of the property and evidence rooms, performing audits and inventories in compliance with departmental policy requirements, testing suspected narcotic samples for proper identification, transporting items of evidence to the State crime lab, testifying in court when necessary, disposing of property and evidence in accordance with legal requirements and other similar tasks.

### **Administrative Services Division (ASD)**

The Administrative Services Division is responsible for several critical facets of the operation of the Police Department. In addition to the tasks already defined for Division Commanders, the Administrative Services Division Commander manages the State Certification Process. This function requires very substantial organizational skills in order to maintain the files from year to year with the proper documentation to satisfy departmental policy as well as the Certification standards. As the manager of the Certification processes, the ASD Commander must also complete training as a Certification Manager and a Certification Assessor. There is also an expectation from the State that the agency will send the Certification Manager to other agencies in Georgia to serve as an Assessor during their recertification processes at least two times per year.

In addition to the Certification requirements, some of the ASD Commander's duties include supervising the Records and Customer Service personnel, ensuring records maintenance under existing retention requirements, maintaining the repairs of departmental facilities, seeking, applying for and managing grants for the department, coordinating the selection and testing processes for new-hire candidates, conducting background investigations for new-hire candidates, interacting with the Georgia P.O.S.T. Council for employee changes in status, forming, coordinating and managing promotional testing procedures for the department, and other similar tasks.

The Standards and Training Sergeant is responsible for presenting relevant training to all the members of the Police Department in order to meet the requirements of State Certification and to ensure that all certified personnel maintain their certifications as required by law. Some of the duties that this position is responsible for include developing lesson plans, coordinating with guest instructors, presenting internal training to satisfy the various State requirements, scheduling outside training, managing employee training records, arranging for travel and accommodations for employees during outside training, reviewing internal in-car videos for policy compliance, assisting with internal discipline processes and investigations, and proposing,

reviewing and revising operational policies. The Standards and Training Sergeant reports to the Administrative Services Commander.

### 2010 Accomplishments with 2009 Comparison

Every year, the Police Department makes an annual report to the City Manager. This report is designed to track certain key occurrences in the City. The information that was used to complete this table was taken from the monthly reports that the Department completes for the City, and the monthly Uniform Crime Report that we generate for the FBI.

<b>PRODUCTIVITY</b>	<b>2009</b>	<b>2010</b>
TOTAL NUMBER OF TICKETS	2565	4944
TOTAL BOND AMOUNT	\$416,152.77	\$691,054.02
TOTAL NUMBER OF ACCIDENTS	464	367
TOTAL NUMBER OF PEOPLE INJURED	106	82
TOTAL NUMBER OF FATALITIES	0	3
MURDER	0	0
RAPE	4	4
ARMED ROBBERY	12	8
AGGRAVATED ASSAULT	135	133
BURGLARY	115	136
LARCENY-THEFT (\$200 +)	265	256
MOTOR VEHICLE THEFT	37	15
JUVENILE OFFENDERS	157	150
TOTAL CASES ASSIGNED	395	251
TOTAL CLEARED/CLOSED	(30%) 118	(65%) 162
ADULT ARRESTS	626	749
JUVENILE ARRESTS	16	16
TOTAL NARCOTICS ARRESTS	116	90
IN-CAR VIDEO AUDITS	153	192

\* Ticket writing for 2010 has increased with approximately 1,781 tickets being issued during the first six months of the year.

### **Estimated Population Ratios**

One method that can be used in order to see how an agency is serving the community is by using a population ratio. Typically, municipal agencies in the southeastern portion of the United States with a population similar to St. Marys tend to average about 2.4 officers per 1,000 citizens, based on FBI statistics. The table included below gives a progression of the population ratios for St. Marys from 2007 through 2011 based upon population estimates from the Planning and Building department.

Year	Population	# of Officers	Population Ratio*
2007	18,000	43	2.4 : 1,000
2008	20,000	36	1.8 : 1,000
2009	20,500	37	1.8 : 1,000
2010	20,500	37	1.8 : 1,000
2011	17,500	33	1.9 : 1,000

\* The population ratios shown are expressed as the number of officers per 1,000 citizens.

### **Goals**

The Departmental goals for Fiscal Year 2012 include the following:

- Obtain a status of readiness to proceed with seeking State Certification.
- Complete the re-issuance of the departmental policy manual.
- Come into compliance with the current set of Certification Standards.
- Gather the appropriate supporting documentation.
- Schedule the initial Assessment of the department.
- Maintain full staffing levels in the face of severe economic problems, to include the hiring freeze.
- Address internal issues in a positive manner to impact employee retention.
- Aggressively recruit certified candidates to fill open positions.
- Obtain permission to independently hire certified officers as-needed.
- Seek additional sources of outside funding through available grants.
- Monitor available grant sources and pursue them.

## St. Marys Fire Department

### ***Mission Statement***

*The St. Marys Fire Department's mission is to provide the citizens of this City with the best possible protection for their tax dollars, by ensuring the protection of life and property. This Mission Statement is the attitude of all paid and volunteer personnel who are a part of the St. Marys Fire Department. For we all stand as one, professionals, walking the walk and setting the example for the City of St. Marys and her citizens.*

### **Overview**

The St. Marys Fire Department accomplishes our mission by preventing fires and life safety hazards through education, engineering and inspection. We suppress fires with a volunteer-based force that is supported by a paid personnel force. We respond to medical emergencies and provide aid and comfort. We train all department personnel and civilians to be prepared to serve the Community in times of crisis. We are prepared to take a proactive role in the mitigation of Hazardous Materials, Confined Space and Natural Disasters that the community may face.

The Fire Department currently has 24 full time Firefighters, 15 part time Firefighters, 20 Volunteer Firefighters, and two Chief Officers to protect the City of St. Marys. The part time Staff Assistant position was left vacant due to budget constraints.

We have put together a budget for FY 2012 which includes personnel that are being supplemented by the 2009 SAFER Grant. The Grant pays 100% of the personnel cost for three full time positions and three part time positions. We are reflecting a reduction of an average of 24% in all other sections of the budget.

### **Accomplishments**

- Responded to 1,575 calls for service
- 98 Structure Fires
- 1149 EMS/Rescue calls
- 162 Hazardous Conditions
- 48 Service Calls
- 42 Good Intent Calls
- 73 False Alarms

Average Response Time = 4.06 minutes

Volunteer Hours 4,027, if paid equals \$66,084 dollars.

Responded to properties valued at an estimated \$4,141,300 with a loss of \$683,050 dollars which equates to an average of a 16.5% loss to fires in structures we respond to.

**Fire Prevention Activities:**

- 605 Fire Inspections
- 113 Plan & Reviews
- 1750 Fire Hydrant Inspections
- 540 Pre Fire Plans
- 847 Burn Permits issued
- 8,000 Children seen as a part of a Fire Safety Lesson

St. Marys Fire Department conducted 614 training courses in 2010 which equals 6,773 hours of training.

Chief Horton continues to serve as the Area 5 GMAG Coordinator as well as the Chair of the Fire Committee of the All Hazard Council for Area 5.

**Goals**

- Our objective for the FY 2012 Budget is to maintain our current staffing level.
- Prepare for an Insurance Service Office (ISO) audit, which is tentatively scheduled for late August, or September.

# Public Works Department

## Overview

The Public Works Department is responsible for the maintenance of all City streets, rights-of-way, public areas, buildings, equipment and vehicles. The department is comprised of several divisions; General Government Buildings & Plants, Highways & Streets, Parks, Engineering, Cemetery, and Special Facilities. The Public Works Department also supports other departments in their daily operations such as water and sewer administration. The day-to-day operations of the Public Works Department are supervised by the Public Works Director.

The General Government Buildings & Plants division has three crews: buildings, grounds and parks. The buildings' crew is responsible for the upkeep and renovation of all City buildings (including our Special Facilities which consists of Orange Hall and the Submarine Museum), plants and traffic signals. The grounds crew is responsible for maintaining the landscaping of all City buildings, medians, Oak Grove Cemetery, and some rights-of-way. The parks crew is responsible for maintaining the grounds of the waterfront park.

The Highways and Streets division has four crews; (1) ditch, (1) road, (1) general and (1) mowing. The ditch crews are responsible for the upkeep of the City's ditches and storm drains. The road crew is responsible for the upkeep of all city streets providing maintenance of curbing, gutters, pothole repairs, street sweeping, shoulder repairs, sidewalk repairs and installations. (These crews also assist with water and sewer repairs and installations). The general crew is responsible for the maintenance and installation of all City signage. The mowing crew is responsible for bush-hogging the City's rights-of-way as well as litter/debris removal.

The Engineering division has one crew. The engineering crew is responsible for providing technical support to all other City departments. It also provides technical assistance to the general public in residential, commercial and industrial capacities. It acts as a liaison with other municipal, state, and federal regulatory agencies such as the Department of Transportation, Environmental Protection Division, Department of Natural Resources and the U.S. Army Corps of Engineers. Engineering responsibilities include water and wastewater design, storm drainage, City projects, plan review, construction inspection, site inspections, Public Works Policies enforcement, Erosion and Sedimentation Control enforcement.

Fleet Maintenance has one crew. The mechanics are responsible for the maintenance and repairs of the City's entire fleet. The Public Works fleet consists of 64 vehicles and pieces of heavy equipment, the Water department has 18 and the Sewer department has 47. The Police department's fleet consists of 49 vehicles which includes two dragoons and one motorcycle. The Fire department has 15 vehicles. Administration has a fleet of 3 vehicles, Information Technology has 1, and Planning and Building has 4. The Senior Center has a large van and Tourism has an electric bus. The mechanics are also responsible for small equipment repairs such as push mowers, weed eaters, and chainsaws.

The Public Works department has on-call personnel that are available 24 hours a day 7 days a week to assist our customers with issues of signage, traffic signals, storm debris, road and drainage problems.

<b><u>Demographics</u></b>	<b><u>FY09/10</u></b>	<b><u>YTD FY10/11</u></b>	<b><u>Projected FY11/12</u></b>

## Goals

The following is a list of goals to be accomplished in the Public Works Department for Fiscal Year 2012:

- Maintain high level of service with reduced number of employees.
- Continue with next phase of paving projects based on Council approved Priority Paving List.
- Continue with implementing the Storm Water Master Plan.
- Continue working on improving the aesthetics of City rights-of-way, parks and facilities.

- Develop and implement plan to pave unimproved city streets which have existing residential frontage.
- Continue researching Federal/State/Private grant opportunities.
- Implement Narrowbanding of our radio system.
- Replace Fuel Management System.

# Oak Grove Cemetery

# Oak Grove Cemetery

## Overview

The City has high respect for our past citizens and their citizen dependents in carrying out their solemn duties through the maintenance of, and sale of lots within the Oak Grove Cemetery. The City also oversees issues and conditions of all other cemeteries within the City limits.

Oak Grove Cemetery is located at the corner of Bartlett Street and Weed Street. The earliest marked grave is from 1801. A soldier from every War is buried in Oak Grove Cemetery.

The Cemetery is maintained by the City of St. Marys Public Works department. Oak Grove Cemetery lots are sold through the City Clerk's office. The Building inspector identifies and marks the lot for burial.

## Goals

- Continue the phased repairs of damaged historic walls and stones.
- Complete the Committee work on making the Cemetery self sustaining by the year 2021 using a trust fund to be created in this FY.
- Continue to maintain the Cemetery as a major tourist attraction.

## Senior Citizens Center

# Senior Citizens Center

## Overview

The Senior Center is open to active senior citizens, 55 years of age or older, who are self reliant and live in St. Marys. The Senior Center is located at 120 Davis Street and is open Monday through Friday from 9:00 a.m. to 4:00 p.m.

Transportation is available to seniors in the City. Each day seniors enjoy a hot meal at a very low cost. There are also plenty of activities for them to do. These activities include Line Dancing, Yoga, Bingo and many more. During the year, the Center hosts a Senior Prom and a Vintage Valentine Dance. There are also monthly blood pressure checks by a certified Nurse. Free legal aid is also available through Georgia Legal Services for seniors.

The Senior Citizens Center is under the supervision of the Senior Center Director and the City Manager. The Senior Advisory Committee makes recommendations to City Council on behalf of the seniors.

## Accomplishments

During the 2010 fiscal year, the Senior Center Director worked with the Hospital Authority to acquire a new facility. The new Senior Center is Located on Davis Street behind the Heritage Bank.

## Goals

- Add more activities for the seniors.
- We hope to attract more seniors since the new location has more capacity and also has a very scenic landscape that will encourage outdoor activities during pleasant weather.
- The goal for a Walking path is currently underway by the Senior Advisory Committee.
- Our main goal is to run a wonderful active senior program with as little cost as possible to the residents of St. Marys.

# St. Marys Library

## St. Marys Library

### Overview

In 1821, Archibald Clark headed the newly founded Library Society in St. Marys. After a fire in 1862, the library became a Works Progress Administration (WPA) project, receiving funds for a 215 volume collection and a bookmobile. After WPA ended, the St. Marys Women's Club operated and sponsored the library for many years. In 1949, the St. Marys Library became an affiliate library of the Brunswick-Glynn County Regional Library System, now called the Three Rivers Regional Library System. After occupying many different locations the library's collection of more than 20,000 items was moved to its current location. In 2010, the St. Marys Library was renovated and additional space was added. The landscaping was updated as well.

The Library's current collection tops 42,000 items; books in large and regular print, audio books and movies on DVD. We circulate more than 100,000 items annually.

### Services

Free use of the library computers is an invaluable asset for the entire community. Students use the computers to complete homework assignments. Tourists stay in touch with family and friends through email and access on-line banking. Many patrons use the computers to look for a job or to start a business.

As the community center for enrichment, St. Marys Public Library is committed to providing a variety of resources to meet the lifelong learning needs of our citizens.

The library offers the following services every day:

Saturday and evening hours  
Computer automated state-wide circulation system  
Wi-Fi internet access  
Notary services  
Microfilm reader/printer  
Voter registration  
Test proctoring  
Copy machines--15 cents per page  
Paperback exchange  
Interlibrary loan  
Fax machine--\$1.00 per page, sending and receiving  
Access to [GALE Legal forms](#)--NO legal advice  
Access to [Price It! Antiques and Collectibles](#) database  
Local census records on microfilm (1830-1930)  
Georgia Special Collection  
AR reading lists for all St. Marys schools

Helen Ruffin Reading Bowl Books  
In honor of/in memory of program  
Lexile Rating information  
Annual participant in the National "Big Read" program  
Vacation reading programs for adults and children

## Goals

- Once again Offer Computer Classes including: *Basic Computer* ,*PINES Orientation,Classes (Public Information Network for Electronic Services),GALILEO Classes (GeorgiA Library LEarning Online)*.
- Shelf Maintenance.
- Investigate purchase and use of RFID/Self-Checkout.
- Explore new opportunities to serve the community as they arise.

**St. Marys Public Library**  
A Member of Three Rivers Regional Library System

# Planning & Building Department

## Mission

The adopted Mission Statement of the City of St. Marys is as follows:

*“The mission of the City of St. Marys is to provide the most responsive and progressive public services, within the resources provided, so that our citizens can enjoy the best possible quality of life.”*

In order to accomplish this mission, all departments must strive to provide quality dependable service, to treat all citizens fairly and with the utmost respect, to respond to all questions, requests or complaints as soon as possible, to always be fiscally sound, to inform the public of all aspects of City government, to provide infrastructure, public facilities and image necessary to attract and keep residents and business, and to have reasonable fair tax rates and user fees.

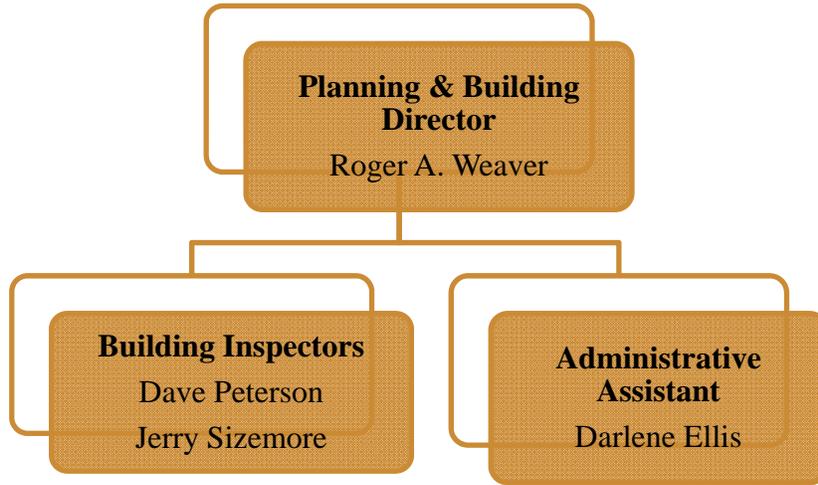

## Hierarchy

The Planning and Building Departments as codified in City Ordinances are administered by one individual identified as the Planning and Building Director. Each Department operates both independently and in close cooperation with each other, depending on the issue and the project scope.

## Goals for FY 2012

- Each of the Departments that make up the Planning and Building Department will continue to provide services in accordance with our mission statement.

# Building Department

# Building Department

## Overview

The Building Department is comprised of the Planning and Building Director, two inspectors and an administrative staff individual shared with the Planning Department. The Staff of the Building Department is responsible for issuing building permits for residential and commercial projects and for completing building inspections on each structure constructed within the City. Inspections start from the preparation of the land to the complete construction of the structure, insuring compliance with approved building codes adopted by the State of Georgia. It is our duty to promote the health, welfare and safety of the public by the proper and timely inspection of structures from the ground up, including general construction, structure, hurricane, plumbing, electrical, heating, air conditioning and energy. Inspections are completed according to the established codes adopted by the State of Georgia. We work closely with Engineers, Architects, contractors, developers, and owners to ensure all construction meets the minimum code standard of quality and that all contractors have the proper legal qualifications to complete the work they are hired to perform. The department also provides code enforcement services under the guidance of the International Property Maintenance Code.

Both Building Department Inspectors have obtained Certified Building Official (CBO) in the past year. This status is indicative of the high standards that the Building Department strives to maintain.

## Goals

- Since the Building Department goals are ordinance driven, staff will continue to provide plan review and inspection services as required. It is hoped that construction activity will pick up during FY 2012, and the staff is ready to provide the required inspections regardless of size or complexity of the structure.
- Staff intends to identify and process at least three dilapidated structures for demolition following the procedures within the ordinance.
- The Department has disaster ready kits for use in any City wide disaster, and is trained as to their responsibility in the event there is such an event.
- Staff will also maintain their proficiency skills and continuing education as required by State law and local ordinances.

# Planning Department

# Planning Department

## Overview

The Planning Department consists of the Planning and Building Director, GIS Trainee/ planning assistant, and an administrative staff member shared with the Building Department. The Planning Department Staff (Planning Director, GIS Trainee/planning assistant, and Administrative Assistant) is responsible for all issues related to zoning and land use of property located within the City boundaries, the subdivision of property within the City boundaries, annexation of property into the City, rezoning of property, issuance of special use permits, temporary permits, land disturbing permits, uses permitted within zoning districts, disposition of dilapidated structures, demolition permits, Flood Plain management, occupation tax licenses, provides code enforcement services under the guidance of the International Property Maintenance Code, issuance of sign permits, coordination with the Historic Preservation Commission, coordination with the Planning Commission and other duties. The Planning Department also oversees the development and submittal of the City Comprehensive Plan and the City Master Plan.

## Goals

- Coordinate with the County 911 address updates to eliminate inefficient numbering of structures identified in the Census 2010 effort.
- Update and revise the Zoning Ordinance. This ordinance has not been updated since 1994 and has not kept pace with the City's growth and the changing concepts of community.
- Update and revise the Sign Ordinance to further refine the definitions and fees.
- Continue research into the fee structure to stimulate the economic growth of the community.
- Assist in Annexation research as directed by Council.
- Finish an updated Zoning Map for use of our residents.
- Implement procedures to provide efficient Code Enforcement duties.
- Continue to assist residents with their FEMA paperwork as Flood Plain Managers.
- Provide efficient observation of waterfront activities.
- Prepare updated Historic property designations as required by the State.
- Assist in preparation of a City master plan that reflects the current state of our economy and the Comprehensive Plan.
- Assist and complete the development of the St. Marys Intracoastal Gateway Project.
- Assist the Cemetery Committee in the completion of their work on the trust fund.
- Continue to assist residents, the tree board, and the HPC regarding dead and/or dangerous trees.
- Continue to identify and process occupation tax licenses for the entire city business community.
- Work with the City Clerk on Alcohol license applications and renewals.
- Create a reasonable phased emergency restoration projects for Orange Hall in conjunction with the Foundation.
- Other tasks as assigned by Council or the City Manager.

# Economic Development

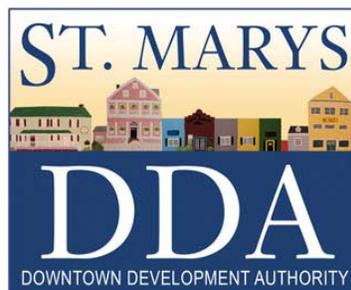

# Economic Development

## Overview

The Economic Development Department, created in 2003, consists of both the Industrial and Downtown Development Authority. The Economic Development Department is responsible for the development and coordination of economic growth projects in the City of St. Marys. It also coordinates, through partnership with the Industrial Development Authority and St. Marys Downtown Development Authority, redevelopment of property owned or acquired by the City for the best economic use for the citizens of St. Marys.

## Goals

- The mission of the City of St. Marys Economic Development Department is to support current businesses.
- Encourage new business growth and development.
- Preserve and enhance the natural beauty of St. Marys.
- Promote St. Marys as a destination of choice.

## **Special Facilities**

### **Overview**

The City of St. Marys owns and maintains two museums, Orange Hall and the St. Marys Submarine Museum.

The Orange Hall House Museum is an extraordinary example of antebellum life in Greek revival style, dating back to circa 1820-1830. Located at 311 Osborne Street at the entrance of the historic district, tours are given daily through this elegant structure.

St. Marys Submarine Museum is located right on the riverfront of St. Marys. The museum has one of the most extensive collections of submarine memorabilia and displays.

# Tourism & Orange Hall

## **St. Marys Convention and Visitors Bureau**

### **Overview**

The Convention and Visitors Bureau (CVB) is responsible for providing services on behalf of the City to promote tourism and attract visitors to the City. The CVB mission is to encourage, develop, and expand tourism within the City to the benefit of the economy; to advise and recommend the City on plans for development of tourism; to promote public interest in tourism; and to assist in coordination of events relating to promotions, tourism, and group travel. Of utmost importance is attracting overnight stays at St. Marys' lodging options. The CVB is funded by City and County bed tax and through fundraising efforts, retail sales, and downtown tour services. St. Marys CVB is comprised of a director, part time staff members, and volunteers. The CVB Director reports to the nine person CVB Authority board of directors and submits a monthly director's report to the City Manager.

### **Accomplishments**

- Increased volunteer base from 2 to 10 regular volunteers. Current level of volunteerism is seven tour guides who provide tour services Monday- Saturday and three greeters who assist in the Welcome Center on weekends.
- Management of day to day activities of the Welcome Center and Orange Hall in respect to staffing/scheduling, monthly reports, supplies, cleaning, greeting, purchasing policy requirements, etc.
- Supported the annual Bike Ride Across Georgia (BRAG) event. Coordinated three dinners and a hosted welcome reception for the group.
- Generated E-Newsletters through the Constant Contact platform to market packages, local events and destination news.
- Managed website changes to the CVB site and the ExploreGeorgia state tourism website, updated Facebook page, maintained Facebook and Fan page, Georgia Coastal Tourism Association (GCTA), CVB blog, Jacksonville Times events, Facebook events.
- Coordinated all logistic details for move to new welcome center location which has created a significant increase in visitor levels.
- Attended Tourism Day at the Capital, Georgia Association of CVB's Annual Winter Meeting, Georgia Regional Visitor Information Center Conference, Kings Bay Annual Expo event, and the Georgia On My Mind I-95 event. Also attended local meetings (assembly permit meetings, budget meetings, National Park Service volunteer meeting, Downtown Development Authority (DDA), Downtown Merchants Association (DMA), GCTA, Kiwanis, Rotary, etc.).
- Recertified for Georgia Regional Visitor Information Center status (although no funding will be available in FY2012 for RVIC's).

- Established good working relationship with Kingsland CVB with regular cross promotion as a regional destination.
- Facilitated the placement of and highlighted in dozens of editorial/ad features in major media outlets including Atlanta Journal Constitutional, Philadelphia Inquirer, The Miami Herald, Southern Hospitality Magazine, Essentially America, Rand McNally/USA Today.com, USA Today, Georgia Magazine, Atlanta Magazine, and numerous other print and online media sources.
- Director received Strategic Excellence – Tier 3 GACVB Leadership Excellence Certification in February 2011.
- Increased welcome center hours to coordinate with ferry traffic during peak tourism months.
- Co-coordination/promotion of Howard Gilman Waterfront Park’s 10-year Anniversary day of service and re-dedication proclamation.
- Coordination and promotion of Christmas Tour of Homes.
- Coordination and promotion of Starry Nights.
- Promotion of events such as Mardi Gras, Chocolate for Charities, Outdoor Arts in Motion/Arts & Music Stroll, Zumbathon charity event, Praise Festival, Fun in the Sun, Fourth of July and more.

## **Goals**

- Increase overnight stays to the seven hotels/bed & breakfasts (Greyfield included) and rental properties through promotions via print and social media and group solicitation of travel show lists from events such as AARP, AAA, Country Living, Southern Women, and Georgia On My Mind events. Targeted promotion to eco-tourism (i.e. Audubon, paddling clubs), church, and other social groups.
- Increase tourism related spending of visitors to St. Marys and Cumberland Island through increased welcome center visitation. This allows staff to effectively promote lodging, dining, shopping, and activity options to guests.
- Solicit group tours to the area through marketing to destination management companies and coach/tour operators.
- Community Outreach – “Catch the Spirit” program is aimed at educating local businesses on tourism. We provide key touch points so they are comfortable sharing with customers what there is to do and where there is to stay in St. Marys.
- Build a positive rapport with city departments and external offices (DMA, GCTA, DDA, hotels, and businesses, etc.).
- Involvement in industry events and meetings with continued memberships in industry related groups.
- Increased use of social media, media placement (editorial), press releases for tourism updates and offers.

- Solicit grant funding and organize and assist board with fundraising efforts.
  
- ❖ Welcome Center Statistics –
  - 2009/2010- 11,732 visitors (Jul-Jun)
  - 2010/2011- 14,046 visitors (Jul-Jun)
  
- ❖ Orange Hall Statistics –
  - 2009/2010 – 3317 visitors (Jul-Jun)
  - 2010/2011 – 3,596 visitors (Jul-Jun)

Wastewater Plants	3
Miles of Sewer Distribution Main Lines (ranging from 2"-24" in diameter)	129
Total Number of Households Served	5745
Total Number of Businesses Served	460
Permitted Daily Service Capacity of Plants	5.2 Million Gallons

# Water and Sewer Departments

## Overview

The Water and Sewer Departments are responsible for providing potable water to the citizens and businesses of the City and for the collection and processing of wastewater, making it safe to put back into our environment. The day-to-day operations of the Water and Sewer Departments are supervised by the Public Works Director. The overall responsibility of the Water and Sewer Fund rests with the City Manager. The Finance Department provides meter reading, billing, revenue collections, financial reporting and audit services for the Water and Sewer Fund.

The Water & Sewer Departments serve a population base of over 17,000. The Water Department maintains a distribution system of 127 miles of main lines ranging from 2 inches to 12 inches in diameter. There are three field crews (water plants, maintenance, & meter readers).

The water plant crew is responsible for the operation and maintenance of the City's three (3) water plants and one (1) booster station assuring compliance with Environmental Protection Division's permitting requirements. These plants pump an average of 1.5 million gallons per day (MGD). This crew also helps our customers with complaints of low water pressure, strong odors of chlorine or sulfur, and water leaks.

The maintenance crew performs a variety of functions related to the City's water distribution lines. The crew installs water taps, meters, backflow preventers (BFPs) and fire hydrants. They perform repairs on the City's existing water main lines and services and installs new mains and services. This crew also locates the City's water and sewer lines for the telephone, power, gas, and cable companies prior to them digging to avoid damage to the lines.

The meter readers perform a variety of functions relating to the City's metering system. The crew takes individual meter readings monthly, terminates services as needed and makes minor repairs to water services and meters.

The Sewer Department maintains 129 miles of sewer main lines ranging from 2 inches to 24 inches in diameter. The department consists of wastewater plant crews (plant operators, belt press operators, laborers) and collection system crews (lift stations technicians, operation technicians, camera & vac-con truck operators).

The wastewater plant operators perform a variety of technical functions related to the operation and maintenance of the City's three (3) wastewater treatment plants assuring compliance with EPDs permitting requirements. These plants process an average of 1.5 million gallons daily (MGD).

The belt press operators are responsible for the operation of the City's sludge handling equipment (1 – stationary belt press, 1 – mobile belt press unit, & 2 - centrifuges) and hauling the sludge from the plants to the County landfill.

The equipment operators are responsible for maintaining the buildings and grounds of the wastewater plants, removing solids from drying beds and sanding the beds. They also assist in other areas as needed.

The collection system crews perform a variety of functions related to the wastewater collection system consisting of seventy (70) sewer lift stations.

The lift station technicians are responsible for inspecting the lift stations, taking readings, and checking alarms daily to ensure they are functioning properly. The crew performs minor maintenance of these stations and reports inoperable stations and maintenance requiring the skills of the operation technicians. They also maintain the grounds of the stations (mowing, weeding, & clearing debris) and assist in other areas when necessary.

The operations technicians are responsible for maintaining a variety of the City's electrical systems not limited to but including lift stations, wastewater plants, water plants and booster stations as well as other City structures and components. This crew also assists in the repair of gravity lines and force mains and they assist citizens with complaints of sewer blockages and odors.

The camera & vac-con truck crew is responsible for the operations of the cleaning and televising equipment. The crew video's sewer lines to determine if there is a problem and to find the location/cause of the problem. The vac-con truck is used to clean sewer lines. They also assist other crews with the repair of sewer lines, smoke testing, lift station cleaning, and hydro-excavating.

The Water and Sewer departments have on-call personnel that are available 24 hours a day 7 days a week to assist our customers with complaints of low water pressure, water and sewer odors, water leaks and sewer blockages.

## **Goals**

The following is a list of goals to be accomplished in the Water and Sewer Departments for Fiscal Year 2012:

- Provide sanitary sewer service to the Spur 40 Annexed Area.
- Complete the Lift Station #13 Upgrade Project.
- Close and demolish the Weed Street Wastewater Treatment Plant.
- Develop and implement a plan to mothball Scrubby Bluff Wastewater Treatment Plant until such time that development occurs around the plant.
- Continue working to reduce Inflow/Infiltration in the sanitary sewer collection system.
- Continue working to improve water system ISO rating.
- Implement Narrowbanding of our radio system.
- Continue with projects identified in Water and Sewer Master Plan as funding allows.

## **Solid Waste**

### **Overview**

The City contracted out curbside collection of garbage, brush, and recyclables. Advanced Disposable was awarded the contract in 2008 for these services of the City. The City still provides billing, revenue collections, financial reporting and audit services for Solid Waste.

The City requires a one time administration fee for new residents. There is a senior discount available to residents over the age of sixty-five who meet annual household income requirements.

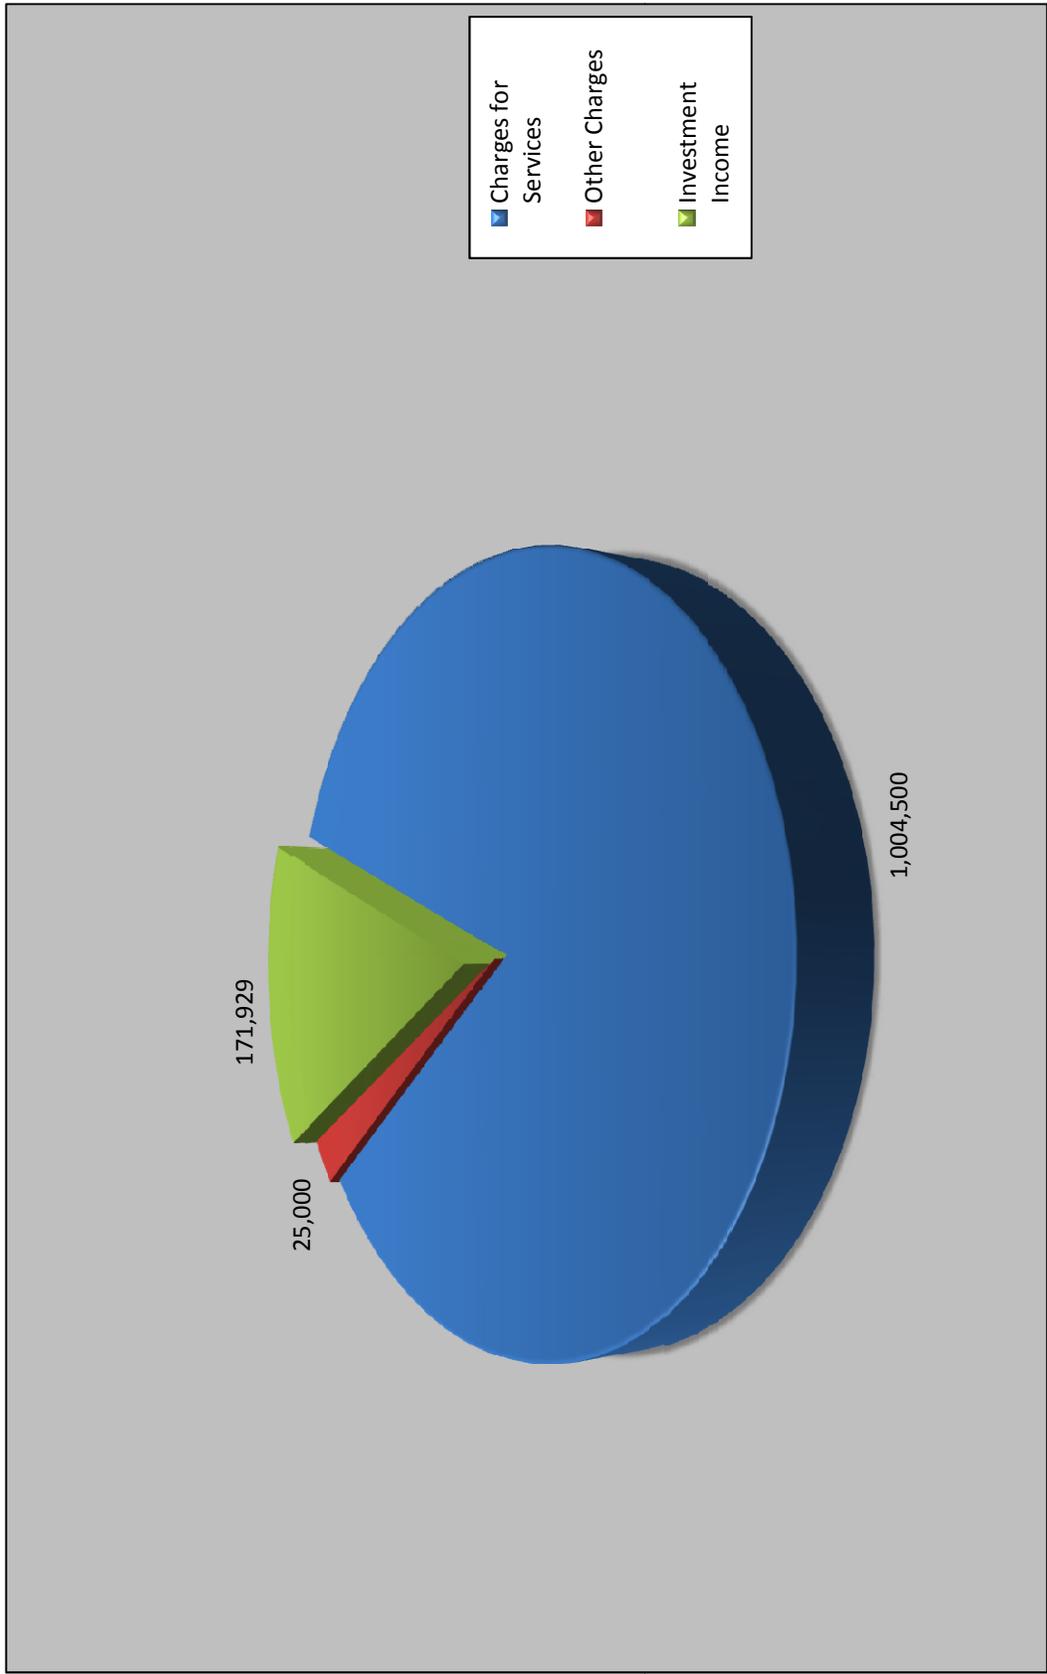

### **Accomplishments**

At this time, most of the problems associated with the transition of contracting out our Solid Waste services have been resolved. One of the surplus garbage trucks was sold to a neighboring City in 2009. The three remaining trucks were sold through Ritchie Brothers Auctioneers in 2010.

### **Goals**

We will continue to offer the best possible quality of service to our residents.

**Solid Waste Revenues

## **SPLOST V & VI**

### **Overview**

Special Purpose Local Option Sales Tax (SPLOST) was enacted by Georgia Legislators in 1985. It authorizes a County tax of 1% on items subject to state sales tax. The revenue earned from this tax must be used for specific time periods and dollar amounts. These revenues are used for capital projects. The SPLOST tax must be voted on by residents.

### **Accomplishments**

SPLOST V has financed many projects within the City including drainage, sidewalks, handicap ramps, paving, and traffic signalization. SPLOST V was closed out June 30, 2011.

SPLOST VI has financed sewer infrastructure, drainage, paving, and building improvements.

### **Goals**

Due to economic conditions, the SPLOST VI projections were reduced in order to bring them in line with the collections. The City will continue to provide upgrades to our infrastructure and buildings so we may offer our residents a better quality of life.

**SPLOST V and VI Revenues**

# **Multi-Grant**

## **Overview**

The Multi-Grant fund was established to record the many grant revenues the City has received.

## **Accomplishments**

The City has secured various grants in the past. Those grants have paid for safety equipment, police K-9, personnel, airport improvements and infrastructure.

## **Goals**

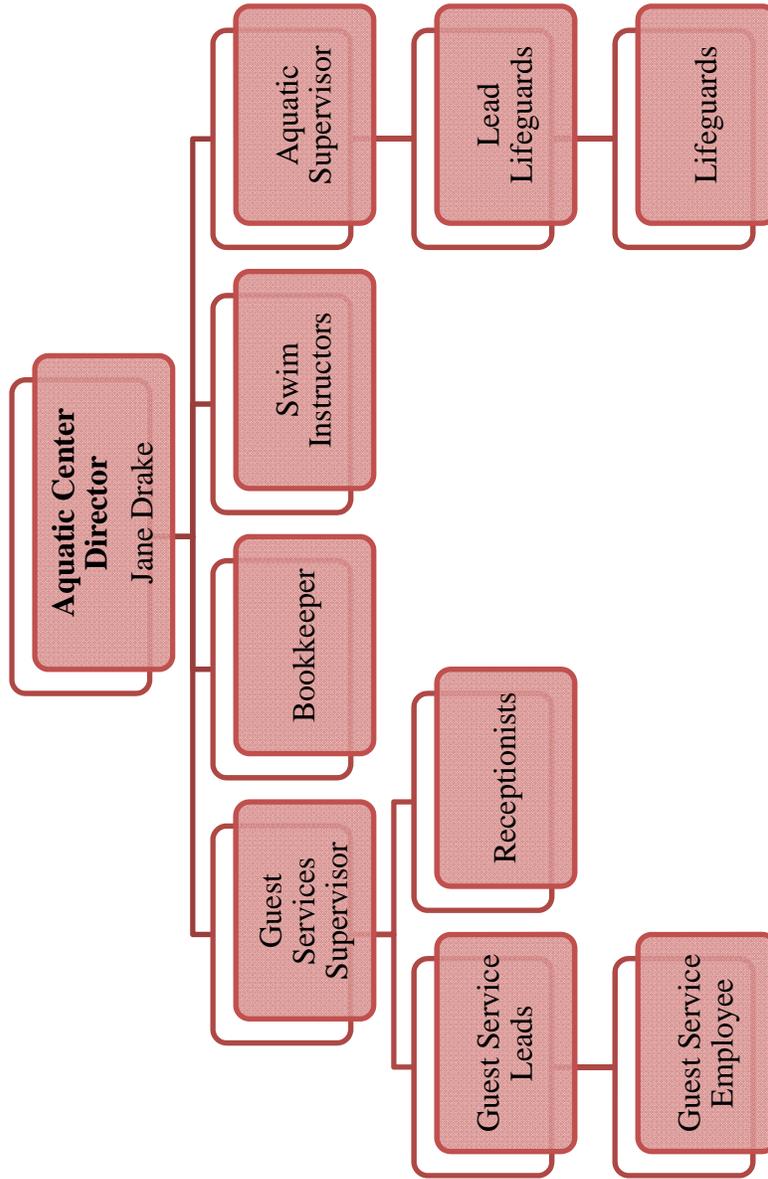

This year the City will receive grant funding for personnel cost in the Fire Department.

**Multiple Grants Fund**

# Aquatic Center

# ST. MARYS AQUATIC CENTER

## Overview

The St. Marys Aquatic Center opened for business in May of 2002. During the past 9 years, we have seen an increase in every aspect of our business; from daily attendance, season passes, group and Birthday party reservations, as well as all areas of revenues. The Aquatic Center currently employs 1 full time person and 35-40 seasonal positions.

Our focus is to provide a safe recreational environment for the residents of St. Marys and surrounding areas and to provide quality swimming instruction for participants.

## Accomplishments

Over the past 9 years, the Aquatic Center has had to adapt to larger crowds and more demand for services. We have added the following amenities for our guests use and comfort while they are here: 3 shade pavilions, locker rentals, a stand alone Gift Shop, added concession menu items, additional tables, chairs and umbrellas, extra Birthday party services, season pass holder perks, expanded park hours, expanded telephone reservation system, and a user friendly web-site.

Other accomplishments that the guest does not see include: enhanced training programs for regular and Supervisory staff, updated computer equipment, repair and maintenance of all pool equipment and structures, credit card capability, and improved staff recruitment and hiring practices.

## Responsibilities

The Aquatic Center has a responsibility to the members and guests to provide a safe swimming and recreational experience for all users. This includes safety of the water environment (following water quality standards and enforcing safety rules), safety of the park (including injury prevention and management for employees and guests), and food safety in our concession operations. The Aquatic Center must pass several inspections in order to operate, both from the local Environmental Health Department and the state Department of Labor. Lifeguards must hold current certifications in Lifeguarding as well as First Aid and CPR with the addition of an AED certification (Automatic External Defibrillator). Our Guest Services staff is trained in the areas of basic First Aid and Food Safety as well as customer service. To satisfy Health Department codes, one employee must be certified as a Certified Pool Operator and Food Safety Manager.

All Aquatic Center employees are trained to respond to guest complaints, injuries, as well as emergencies. After 9 complete seasons, the Aquatic Center has an excellent safety record noting minimal guest injuries and complaints.

## Goals

Goals for the upcoming season include:

- Sand replacement in 3 filters.
- River cleaning and repair.
- Parking lot expansion.
- Repair and maintenance on aging equipment.
- Replacement of worn and/or broken equipment, furniture.
- Improving advertising efforts.
- Improve employee selection and training programs.

Over the years, we have received compliments for the cleanliness of our park and the positive staff members we have. We will continue to upgrade our hiring and training programs to find the best employees for our staff.

All of our employees are concerned with guest safety whether they are Lifeguards actively watching swimmers or Guest Services staff serving food, cleaning the park, or hosting a Birthday party. We will continue to emphasize this in our training programs.

We will make a concerted effort to manage our employee hours as well as our operating costs without cutting back on services to our customers.
