

# **Advanced Disposal**

## **Keeping Your Community Beautiful.**

In an effort to keep the environment a safe and cleaner place, Advanced Disposal-Stateline has added another item that can be recycled.

Effective immediately we will now be accepting chip board (which includes: coke cartons, cereal boxes, etc.)

#1 & #2 plastic bottles/jugs (rinse and remove all lids), aluminum/metal cans (rinse and remove lids), newspaper and inserts, brown paper bags, all types of glass, phone books and cardboard that is flattened and cut in two (2) feet by three (3) feet pieces for placement under the recycle bin.

The following items will not be accepted, do not place these items in your recycle bin: pizza boxes, plastic bags, butter tubs, juice and milk cartons, egg cartons, styrofoam, magazines, catalogs, pool or other chemical containers.

Always remember it is better to use less and reuse when ever possible. Thanks for all your efforts in helping to keep our environment healthy and clean.
