City launches new tools for Community Communications.

In response to community requests, The City of St. Marys announced today the newest addition to the City website at www.stmarysga.gov. "Citizen's Corner" is an online feature where the community can submit questions and can be answered within a reasonable time period. Questions and Answers will be posted online for the public. The community can review responses to questions. Open Records Requests should continue to be sent directly to the City Clerk's office, and Service Requests should be submitted to the City Manager's Office or directly to the responsible department.

Users can also be notified when news and information is released via the City website. "Notify Me" is an electronic notification tool, in collaboration with Citizen's Corner that will keep the citizen's updated on news and information. By selecting "Notify Me" on the webpage, a user will receive notification that new information is available on a "watched" page. 'Notify Me' is available for individual pages, including Citizen's Corner Question and Answer page as well as Public Notices.

"Since we re-developed our website, www.stmarysga.gov, we are adding more value to our communication and working to meet the goals of the community. We are very excited to offer these new features to the public" remarked Eugene Rudy, St. Marys' Network Administrator.

Notify Me is available now, and Citizen's Corner will be available March 6 at www.stmarysga.gov.

###

The City of St. Marys is a municipal government whose mission is to provide the most responsive and progressive public services, within the resources provided, so that our citizens can enjoy the best possible quality of life.
