Important Questions & Answers

What am I responsible for?

As a homeowner, you are responsible for the exterior water service line on your property. In some towns, the service line beyond the property boundary to the main connection may remain the homeowner's responsibility, but it is not included in this coverage.

Does my homeowners insurance or local utility company cover this?

Most basic homeowners insurance policies and local utility companies do not cover repair or replacement of the water service line. If you find you have similar coverage, you can contact HomeServe to cancel and you will receive a refund of your service agreement fee, less any claims paid.

Who is eligible for coverage?

A residential homeowner with sole responsibility for the exterior water service line may be eligible. Residences not affixed to a permanent foundation, recreational vehicles and properties used for commercial purposes are not eligible for coverage. If you live in a development community with a condominium, co-op or homeowners association, your exterior water service line may not be an individual homeowner's responsibility, so please check with your association before accepting this coverage.

What is covered?

Coverage provides, up to the benefit amount, for the covered cost to repair or replace a leaking or permanently blocked exterior water service line from your property boundary or well casing to the external wall of your home that is damaged due to normal wear and tear, not accident or negligence.

What is not covered?

Repair to any exterior water service line that branches off the main line, accidents and damage or negligence caused by you or others. Additional exclusions apply. To see full Terms and Conditions with complete coverage and exclusion details prior to enrolling call 1-877-444-7750 or go to GAWaterservice.com.

When can I make a service call?

Your plan starts the day your form is processed, and there is an initial 30-day waiting period before you can make a service call, giving you 11 months of coverage during the first year. This prevents service calls on pre-existing conditions and helps keep the coverage affordable.

What is the cancellation policy?

You may cancel within 30 days of your start date for a full refund; cancellations after the first 30 days will result in a pro-rata refund less any claims paid.

What is the term of my service agreement?

Your coverage is based on an annual contract. For E-Z Pay, credit card or debit card customers: regardless of the payment frequency you select, your service agreement will be automatically renewed annually on the same payment terms selected, at the then-current renewal price. Your coverage will remain in effect unless you call to discontinue.

What is E-Z Pay?

E-Z Pay is a paperless and stress-free way to pay for your coverage. Payments are automatically debited from the bank/checking account of your choice as your payment becomes due, at no additional cost.

What quality of repair can I expect

Local, licensed and insured plumbers perform all covered repairs, which are guaranteed against defects in materials and workmanship for one year.

KNOW YOUR RESPONSIBILITY

As a homeowner you own the water service line that brings fresh tap water into your home.

You are responsible for the repair of this line from your property boundary or well casing to the external wall of your home. Changing soil conditions or simply the age of your service line can cause water service line emergencies.

If your service line bursts, finding help can be difficult and time consuming.

Water service line leaks or breaks can be complicated and expensive to fix, often requiring specialized equipment to locate the leak and repair the line. If it's a difficult repair, you could be without water for a long time.

Your utility is not responsible for repairs. And basic homeowners insurance typically doesn't cover repairs to the exterior water service line on your property. Now you can get optional coverage to help protect yourself from the expense of covered repairs to this line, which could amount to thousands of dollars in unforeseen expenses.

Let Exterior Water Service Line Coverage from HomeServe protect you from expensive repairs to the line that brings water to your home.

You'll have a 24-hour Emergency Repair Hotline available to you 365 days a year and peace of mind knowing you have coverage in case of a covered emergency.
