ST. MARYS, GEORGIA

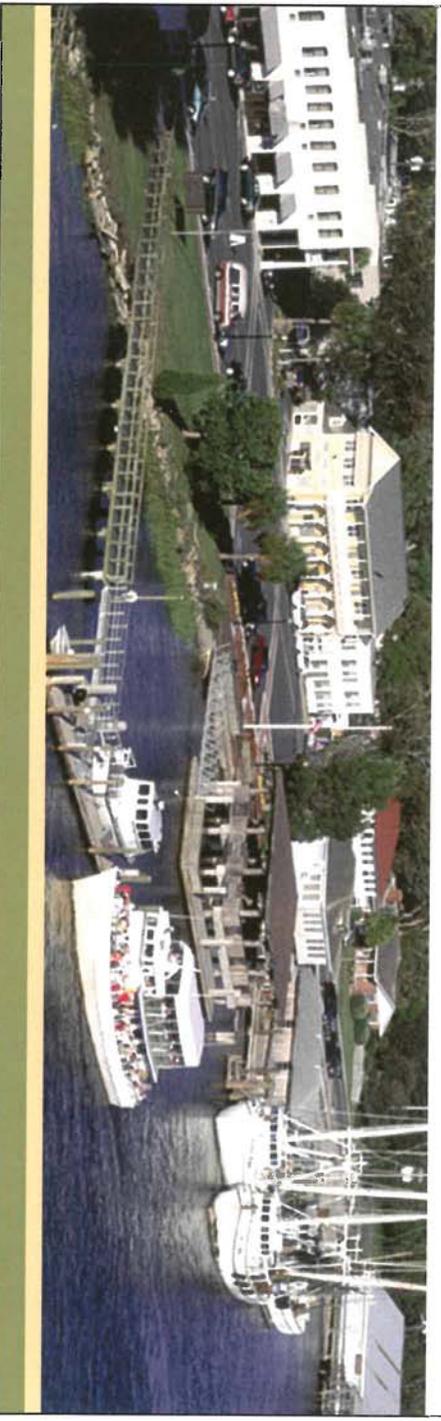

St. Marys, Georgia is a beautiful southern town where one can find quaint stores such as a coffee shop in which everyone knows one another or a neighborhood drug store where your local pharmacist cares and knows your family. A special place where families spend time with their kids playing in the front yard creating what might seem like a picturesque scene as depicted in many Norman Rockwell paintings.

This small town environment has become a destination for a thriving and growing bedroom community just minutes from Jacksonville, Florida. St. Marys offers a balanced community where many families have chosen to raise their kids as well as where retirees have chosen a lifestyle to enjoy their retirement with either a primary or secondary residence. St. Marys affords everyone the opportunity to take advantage of the enjoyable year-round weather and its natural resources such as Cumberland Island, numerous golf courses, in-shore and off-shore fishing, and other abundant outdoor activities that appeal to many people drawn to an active lifestyle or to those who enjoy the beauty and serenity of nature. The nearby Kings Bay Naval Submarine Base creates a strong patriotic fervor that helps establish St. Marys as one of the most desirable locations to work, live, play, and shop in the southeastern United States. Consequently, St. Marys continues to draw well-to-do families, young professionals, and retirees to the area to live full time, establish a second residence or visit for vacation.
