Ms. Deborah Walker-Reed
City Clerk
418 Osborne St.
St Marys, GA 31558

Dear Ms. Deborah Walker-Reed,

I am writing to request consideration for the vacant seat on the Downtown Development Authority (DDA)

As a relatively new citizen of St Marys, I have become involved with the Camden Roundtable (CRT), a citizens group that works to facilitate the presentation of factual information on topics of interest to the community. Last year, I participated in promoting a fair and successful election process. This year I was appointed team captain of the "Spaceport" project within the CRT.

As an ex corporate executive, I have considerable experience in strategic planning, business development and operations management that I would bring to the table. At three of the previous companies I worked for, I created the Vision, Mission, Objectives, Strategies and Tactics and ran the organizations accordingly.

Being new to the town, I bring a fresh set of eyes and perspective to the DDA. I love the river front park and the whole idea of preserving the historic heritage of the downtown. It needs to be taken to the next level though. I see the vision of the Gateway Project as well as the Maritime Heritage District. I have other ideas for the downtown area as well and could share and work to implement them as part of the DDA team. I am newly retired and can therefore put in the time and energy towards improving the downtown areas of St Marys through the efforts of the DDA..

I am truly excited about the opportunity to serve my community and would like to be part of this great team. I have attached my resume for your consideration.

Joseph Antao.

Sincerely

Joseph Antao

PROFESSIONAL CREDENTIALS AND QUALIFICATIONS

Chamber of Commerce Credentials

- Hired under contract by the St. Croix Chamber of Commerce, U.S. Virgin Islands as Executive Director with the challenge of rebuilding membership, establishing fiscal accountability and restoring credibility throughout all segments of the community. Through aggressive recruitment, Chamber membership increased from fewer than 100 businesses to more than 300 businesses and individuals. Fiscal checks and balances were established and the financial stability of the Chamber was restored. Built high-profile, positive public perception and credibility throughout the business and political community. Initiated collaborative partnerships with other local organizations and government agencies, including the Virgin Islands Economic Development Authority, the Virgin Islands Hotel and Tourism Association and the St. Croix Environmental Association, among others. Voted the "Best Non-Profit Organization" by the readers of the *Virgin Islands Daily News* in 2010. Working with Governor John P. deJongh, Jr. and the Virgin Islands Economic Development Authority, the Chamber played an integral role in attracting business growth and expansion. These efforts included winning legislative and community support for construction of a \$165 million rum distillery that began operation in 2011. Built and operated by Diageo, the world's second leading producer of spirits, the distillery is capable of producing 20 million proof gallons of Captain Morgan rum on an annual basis, creating hundreds of direct and indirect jobs, and generating an estimated \$100 million in new tax revenue for the Virgin Islands every year. The Chamber also played in key role in representing the business community on political and legislative issues, including securing a reduction in gross receipts taxes for small businesses. In 2008 and again in 2010, the Chamber hosted a series of political debates for gubernatorial and legislative candidates to provide Chamber members with an opportunity to hear the candidates' positions on issues important to the business community. In addition to managing the day-to-day operations of the St. Croix Chamber of Commerce, the executive director served on a number of community boards and commissions, including the Virgin Islands Economic Leadership Council, the Governor's Cruise Ship Working Group, the University of the Virgin Islands Advisory Board for Community and Lifelong Learning, and the Virgin Islands Territorial Emergency Planning Administration Oversight Committee.

GEORGETOWN COUNTY (SC) WATER AND SEWER DISTRICT

- ◆ Built customer and community understanding and support for construction and start-up of a surface water treatment plant to complement its network of 24 groundwater wells versus purchasing supplemental water supplies from a neighboring utility.
- ◆ Increased customer satisfaction with the rates and quality of water and sewer services from below 60 percent to nearly 90 percent through a comprehensive five-year strategic communications plan, including media releases, customer newsletters, bill inserts, water quality reports, executive presentations and customer service initiatives.
- ◆ Worked directly with the Chairman of the Board and Executive Director, drafting all press releases, press conferences, talking points, speeches, op/ed columns and letters-to-the-editor on issues ranging from water quality to system expansion to emergency drought restrictions.
- ◆ Drafted, designed and packaged a two-volume nomination that resulted in the District winning the EPA's prestigious Safe Drinking Water Act Excellence Award in direct competition with larger water systems and accompanying resources serving Tampa, FL, Atlanta GA, and Knoxville, TN.

GEORGETOWN (SC) STEEL CORPORATION

- ◆ Shortened a predicted prolonged strike by 700 members of United Steel Workers of America by cultivating a media/community/government backlash against the striking workers, their leaders and their demands. The striking workers returned to work in less than six weeks after agreeing to a contract that totaled less than the original offer tendered by the company. Worked directly with senior management and outside labor attorneys on preparing all news releases, talking points, media interviews, op/ed columns, press conferences and media tours.

No such interruption or curtailment of any such "service" shall be deemed a constructive eviction. The Landlord shall not be required to furnish, and the Tenant shall not be entitled to receive, any of such "services" during any period wherein the Tenant shall be in default in respect to the payment of rent. Neither shall there be any abatement or diminution of rent because of making of repairs, improvements or decorations to the demised premises after the date above fixed or the commencement of the term, it being understood that rent shall, in any event, commence to run at such date so above fixed.

Landlord shall not be liable for failure to give possession of the premises upon commencement date by reason of the fact that premises are not ready for occupancy or because a prior Tenant or any other person is wrongfully holding over or is in wrongful possession, or for any other reason. The rent shall not commence until possession is given or is available, but the term herein shall not be extended.

See Riders Attached.

And the said Landlord doth covenant that the said Tenant on paying the said yearly rent, and performing the covenants aforesaid, shall and may peacefully and quietly have, hold and enjoy the said demised premises for the term aforesaid, provided however, that this covenant shall be conditioned upon the retention of title to the premises by the Landlord.

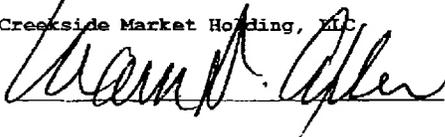

And it is mutually understood and agreed that the covenants and agreements contained in the within lease shall be binding upon the parties hereto and upon their respective successors, heirs, executors and administrators.

CITY COUNCIL MEETING

March 3, 2014

TITLE: WATER AND SEWER EXTENSIONS DISCUSSION

PURPOSE: To modify the previous City Council action to proceed with engineering design for water and/or sewer extensions from three areas to two areas.

RECOMMENDATION: Approval.

HISTORY/ANALYSIS: At the February 18, 2014 City Council meeting, a motion was passed authorizing the Public Works Department to obtain engineering design bids from interested firms to provide water and/or sewer service to three areas in the City. These areas were Wright Street, Marsh View Lane, and the Sandhill Road area. However, it is highly unlikely that there will be sufficient funds (if any) left over within SPLOST VI after the Gaines Davis Sewer Project. Therefore, it is requested that the City Council modify the previous motion to only include the Wright Street area and the Marsh View Lane area.

CITY COUNCIL MEETING

TITLE: Request for Permission to Serve Alcohol: Howard Gilman Memorial Park (wedding).

PURPOSE: Consideration of request to serve alcohol for wedding reception held at Howard Gilman Memorial Park on Saturday May 31, 2014.

RECOMMENDATION: Denial.

HISTORY/ANALYSIS: Council previously received a request (attached) to have the Howard Gilman Waterfront Park closed for the day on May 31, 2014 to accommodate a wedding reception. The applicant has requested permission to "hire a bartender" for the event and serve alcohol.

Due to the scope of the request, the timing of the event, and additional security concerns, staff is recommending denial of the request.

I spoke to Ms. Pledger regarding her request to reserve the Howard Gilman Memorial Park on May 31, 2014 for a wedding. Ms. Pledger indicated that she is not necessarily interested in using (closing) the entire park. Ms. Pledger indicated that she would NOT need the playground, and would NOT necessarily need the amphitheater, but wanted to reserve the amphitheater area in order to minimize disruption from other people using the park. Ms. Pledger also did not want to preclude people from using the walkway around the perimeter of the park, nor prohibit access to the docks. I spoke to Ms. Pledger about using the Gateway property, to which she seemed "lukewarm," to the idea, mostly due to the lack of "amenities."

Ms. Pledger indicated that guests would be arriving for the wedding at around 6 PM. Prior to 6 PM, Ms. Pledger would need access to the park in order to begin setting up for the wedding, so although the event would not be starting until later that evening, the area would need to be secured and reserved in order to allow setting up for the reception. I advised Ms. Pledger that Council would be reconsidering the reservation request on February 18, 2014.

Ms. Pledger's response to me regarding the above was as follows:

Mr. Crowell,

Thank you for helping me with this. All the information that you have included sounds good. If we can have access to the park for set up early then I would be happy to amend my request for the closure timeframe. I don't see any reason that the public should be kept out of the park before mid to late afternoon. Even if we set up early, having other people in and out of the area should not affect us. This is a beautiful setting and we are excited about the possibility of being able to use it but we don't want to prevent others from enjoying it prior to our event.

Jennifer

During the February 3, 2014 City Council meeting, Police Chief Hatch indicated that there may be a need for some additional police coverage, for which there would be an additional expense for the applicant. During the meeting there was also concern expressed with having no or limited access to the park on a busy weekend night, acknowledging, however, that Ms. Pledger has revised the scope of her request.

In addition to considering the closing of a portion of the Howard Gilman Memorial Park (and designating what portion thereof to close), and authorizing the use of alcohol for the reception (and any conditions related thereto), Council may want to address the additional security issue (of which we will need to advise Ms. Pledger).

TITLE: HOWARD GILMAN MEMORIAL PARK -REQUEST FOR ALCOHOL (WEDDING)

PURPOSE: Consideration of alcohol request for wedding reception being held at Howard Gilman Memorial Park on May 31, 2014.

RECOMMENDATION: Staff has no recommendation.

HISTORY/ANALYSIS: Jennifer Pledger reserved Howard Gilman Memorial Park for her daughter's reception. A cater will be utilized and Mrs. Pledger is requesting permission to serve alcohol to guest. Mrs. Pledger offered several measures to ensure only guests above 21 years of age will be served alcohol.

Subject: May 31, 2014 Event

Members of the City Council,

I have requested rental of the Howard Gilman Waterfront Park for my daughter's wedding reception on May 31, 2014. I am also requesting approval for park closure for this event. We plan to have the reception catered and I would like to hire a bar tender. I expect that we will have around 80 people in attendance and that about 30 of them will want access to alcoholic beverages. In order to accommodate them we are willing to have the caterer check their IDs initially and then provide them with an arm band designed for this event. It will be a plastic band with the name and date of the event and will snap on and need to be cut off in order to prevent guests from sharing. We are also willing to take any further safety measures that the council deems necessary. We are requesting approval for both the park closure and the permission to serve alcohol. Thank you for your consideration in this matter.

Jennifer

CITY COUNCIL MEETING
March 3, 2014

TITLE: APPROVE RESOLUTIONS FOR CONDEMNATIONS NEEDED FOR CONSTRUCTION OF SEWER SYSTEM IN GAINES DAVIS SUBDIVISION

PURPOSE: To approve seven resolutions calling for condemnation of parcels needed for construction of sewer system in Gaines Davis Subdivision

RECOMMENDATION: City Attorney recommends that the Council approve all resolutions.

HISTORY/ANALYSIS: There are 14 parcels of land which St. Marys needed to acquire an interest in to construct the sewer system in Gaines Davis Subdivision. At present, through negotiation, the city has acquired the necessary interests in 7 of those parcels. There are, therefore, 7 parcels remaining to be acquired. Those parcels are still being negotiated and it is likely that the city can acquire several of those remaining parcels before or even after the initiation of the condemnation process through the voluntary consent of the owners. However, for the city to remain on track for its schedule to complete the work, the condemnation process must be initiated now through passage of these Resolutions by the City Council.

If City Council passes these Resolutions, we will continue to negotiate with the owners and mortgage holders of the property

PROPOSED MOTION: I move that we approve all seven Resolutions for condemnation of parcels needed for the sewer system in Gaines Davis Subdivision.

City Attorney: Gary Moore

CITY COUNCIL MEETING

March 3, 2014

TITLE: CONDEMNATION RESOLUTIONS – GAINES DAVIS SEWER EASEMENTS

PURPOSE: To pass resolutions authorizing the City Attorney to proceed with the condemnation of the easements needed in order to proceed with the Gaines Davis Sewer Project.

RECOMMENDATION: Approval.

HISTORY/ANALYSIS: The Public Works Department and the office of the City Attorney have been working diligently to acquire the necessary easements to construct the Gaines Davis Sewer Project. However, there are still some of the easements that have not been acquired due to various reasons. In order to stay on track with the city council approved timeline, the attached resolutions should be passed authorizing the City Attorney to proceed with the condemnation process to obtain the remaining easements.

Re: Hospital Authority

Dear Mrs. Walker-Reed:

Enclosed please find the executed Lease for a period of two years. At the special called meeting of the Authority on February 18, 2014, the members voted to enter into the attached Lease for a period of two years. The reason being is because of the intention of Representative Jason Spencer to introduce a bill to amend the law on Hospital Authorities.

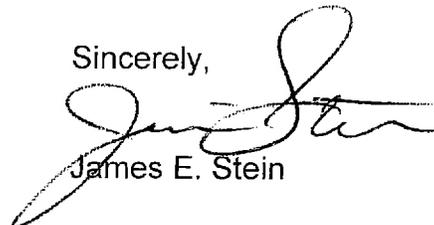

The Members are concerned as to what legislation may come out of the efforts and any affect it may have on the existing Authority.

Spencer did send to me an e-mail January 31, 2014, wherein he stated "I plan on placing language in the bill to apply to hospital authorities going forward whose sale projects like hospital and nursing homes, etc. My language would not apply to past actions of any hospital authority's use of their individual irrevocable trust so we are not dealing with an ex post facto issue, but the language will apply to hospital authorities in a progressive manner."

While that may be some contention it will not apply to the Authority, there is no way to determine what the legislation may be and the information the Authority has is that there will be no legislation this year and that a study committee may be appointed. While there is no way to determine how long all of this may take, the Authority feels a two year lease, at this time, is practical.

Should anyone have any questions please advise. Please make certain the Mayor and Council get appropriate copies and the Lease. As always, thank you for your assistance.

Sincerely,

James E. Stein

CITY COUNCIL MEETING

March 3, 2014

TITLE: APPROVE AMENDMENTS TO THE NUISANCE ORDINANCE

PURPOSE: To approve amendment to the Nuisance Ordinance intended to cure objections to the ordinance.

RECOMMENDATION: City Attorney recommends that the Council approve the amendment.

HISTORY/ANALYSIS: Several nuisance prosecutions begun with complaints of neighbors of Borrell Creek Restaurant were dismissed by the Judge of the St. Marys Municipal Court because she felt the Nuisance Ordinance was " vague and lends to interpretation, and the cited section refers to "public" locations when we were taking enforcement action on private property". This amendment to these two sections seeks to cure this objection and to establish the method of initiating prosecutions by complaints made to the police.

PROPOSED MOTION: I move that we approve the amendment to sections 46-36 and 46-38 of the St. Marys Code of Ordinances.

City Attorney: Gary Moore

ST. PATRICK'S DAY 2014

To St Mary's City Council,

McGarvey's Wee Pub would like to celebrate our second St Patrick's Day with the town of St Mary's for our 12th annual St. Patrick's Day celebration event. With your permission, we would like to block off a few hundred feet of parking lot space in front of our suite within King's Bay Village shopping center on March 14- 17. The space would be enclosed with rental fencing to contain patrons to the sectioned area.

Our hopes are to set up a stage for a band to play periodically from 5pm to 11:00pm within this sectioned area. However, we plan to abide by any and all noise ordinances and remain flexible regarding this point. We would also like to have an outdoor beer cooler within the sectioned area to sell aluminum beverages to our patrons. We plan for the area to contain a handful of tables as well as numerous chairs for seating and enjoying our traditional Irish menu. Plenty of trash cans will be located outside, as well as portable restrooms, to help keep our guests comfortable and maintain a clean area.

After speaking with the fire chief, we have a clear understanding of how to maintain our max occupancy standards. We will have a bouncer at each outdoor entrance (2) and we will also hire an off-duty Saint Mary's police officer, possibly two, if needed.

We will enforce a "no glass" policy for our outdoor area, ensuring the safety of our patrons and their families. Our celebration will be open to families and individuals of all ages from 11am to 10pm. After 10pm we will enforce a "21 and over" policy within both our indoor and outdoor spaces.

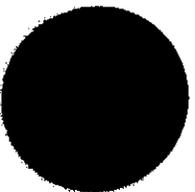

Our goal is to begin set up for this outdoor area around 4pm on March 14th and have the area dismantled, clean and trash-free by 10am March 18th. The area would be properly set up with fencing cones, etc. to the specifications of St. Mary's City Council.

We would appreciate city council, as well as other members of our community, to vote in favor of approving our St. Patrick's Day celebration. We remain open to suggestions. Please direct all questions to, owner William Zachary Briers Jr. (704) 962-5699 zbriersjr@gmail.com
